Haley Is Appointed To Superior Court

Judge Harold J. Haley of Marin Municipal Court will be promoted to the superior court bench to succeed Judge Richard M. Sims, who was moved up to the District Court of Appeals.

Gov. Edmund G. Brown announced Judge Haley's appointment today in Sacramento.

JUDGE HAROLD J. HALEY
To Superior Bench

The governor noted that Judge Haley has held several elective offices in San Rafael.

"This is a good indication that the people of Marin County hold him in great esteem which he certainly deserves for he has served the county for over 30 years as a public servant," said Governor Brown. "His knowledge of and interest in the community admirably suit him for superior court."

Judge Haley, 60, senior member of Marin Municipal Court, said he was "highly honored and privileged to receive the governor's appointment."

"In all humility, I shall strive my utmost to merit the trust he has reposed in me and to faithfully serve the people of this wonderful county and state," Judge Haley added.

A native of San Rafael, Judge Haley was educated in the local schools and received his law degree from University of San Francisco.

He was admitted to the bar in 1928 and was engaged in private law practice until his appointment as assistant district attorney in 1933. From 1943 to 1947, he was district attorney of Marin County.

In 1956, Judge Haley was appointed to the municipal court bench, winning re-election in 1958 and 1964.

As municipal judge, he has served as pro-tem judge of Marin Superior Court by appointment of the State Judicial Council.

A Republican, Haley is former chairman of the Republican Central Committee of Marin. He is past president and member of the Marin County Bar Assn., past president of the local community chest, and former chairman of the board of Catholic Social Service of Marin.

He is a member of the Elks, the Native Sons of the Golden West, the Serra Club, and the Marin Rod and Gun Club.

Judge Haley lives with his wife, Gertrude, at 219 Forbes Avenue, San Rafael.

He has three married daughters, Mrs. Irwin Davis of Marinwood, Mrs. Stanley Atkinson of Los Altos, and Mrs. Thomas Fennone of Lafayette, and five grandchildren.

Legislation Needs: Tax Ease, Parks, Bay Moratorium

Rep. Clausen, Sen. McCarthy, Bagley Hold Public Forum

Pleas for easing the local property tax burden were made today at a public forum on needed legislation at the Marin County Civic Center.

State Sen. John F. McCarthy (R-San Rafael), Rep. Donald H. Clausen (R-Crescent City), and Assemblyman William T. Bagley (R-San Rafael) conducted the forums which started at 10 a.m. and was scheduled to continue through the afternoon.

There is an "incipient taxpayers revolt" throughout California in regard to property taxation, said County Supervisor Peter H. Behr.

Mill Valley Mayor Michael Wornum said local property taxation "is unfair . . . A medieval concept."

Wornum also urged conservation be stressed, and suggested that the state purchase all of the land of Forts Baker, Barry and Cronkhite and more in the West Marin area. There could be a park from the Golden Gate headlands to the Point Reyes National Seashore, he said.

Wornum also urged that the state enact a moratorium on bay filling, but the mortorium be administered locally.

County Assessor Bert W. Broemmel said that the tax on household furnishings and personal effects should be abolished.

He described it as a "poor basis for taxation," with a high administration cost in relation to revenue as compared to other classes of property.

County Counsel Douglas J. Maloney asked for legislation that would enable Marin voters to elect supervisors at large. Supervisors would be nominated from areas, but elected at large under the proposal.

Supervisor William A. Gnoss requested federal aid for development of the Marin County airport, north of Novato.

The county is in the process of buying 40 acres for airport development and will apply for the federal aviation agency for funds next year, he said.

Saigon Generals Purge Shapes Up

Expected To Anger Buddhists

SAIGON (UPI) — Vietnamese military sources today said Lt. Gen. Doung Van Minh and eight other senior army generals will be purged even though their ouster is likely to intensify Buddhist opposition to the government of Premier Tran Van Huong.

Most of the officers involved have been identified closely at one time or another with the Buddhist leaders who are pressing a campaign to bring down the U.S.-supported civilian government of South Vietnam.

30 COLONELS

About 30 colonels also are reported marked for ouster by the "young turk" generals who have installed themselves as a powerful advisory group to Lt. Gen. Nguyen Khanh, commander-in-chief of the armed forces.

It would be the biggest command shakeup in the history of this Southeast Asian country.

Khanh was reported to have forwarded a letter demanding ouster of the nine senior officers to Chief of State Phan Khac Suu Via Huong who had approved the move. But Suu refused to sign the retirement orders and passed the potentially-explosive issue to the High National Council, South Vietnam's provisional legislature.

COUNCIL REJECTS

The council yesterday rejected the demand on grounds that it would foment increased Buddhist opposition to the Huong government.

Last night, however, military sources said air force commander Nguyen Cao Ky persuaded Suu to sign the orders. Ky is said to be the head of the young officers clique, the group that saved Khanh's government from a military coup while he was premier last September.

In addition to Minh, who is highly regarded by the powerful Buddhist hierarchy, the generals slated for purging included Maj. Gens. Tran Van Don,

Arraignment Set In Heroin Case

Three San Quentin Prison inmates, all charged in an alleged $30,000 heroin smuggling case, were scheduled to appear before Marin Municipal Judge Leonard A. Thomas at 1:30 p.m. today for arraignment as investigation continued.

Arraignment of a fourth suspect, Joseph Matthew Herman, 57, Mill Valley resident and a clerk-employee at the prison, was continued yesterday in the court for further proceedings at 1:30 p.m. Wednesday.

A fifth suspect, a woman, has also been charged, but Marin County district attorney's office declined to identify her until she is apprehended on a bench warrant in the case.

Charged with conspiracy to smuggle heroin and wyamine, an inhalant, into San Quentin Prison over a period from last June through about Dec. 10 are Herman, free on $5,500 bail, the three inmates, Jesus Gonzales, 36, Horace Daniel Lenington, 28, and Robert Lujan, 38.

In addition, Gonzales, convicted of murder in San Francisco County in 1957, is charged with felony illegal possession of heroin.

San Quentin officials said today that Gonzales and Lenington, a convicted murderer in Los Angeles County, are being held at the prison.

The third inmate, Lujan, imprisoned since 1956 as a narcotics offender and parole violator from Los Angeles, was transferred to Soledad Prison, but was being returned to San Quentin this morning to join the

Mill Valley To File Protest

The City of Mill Valley was to file an official protest to the County Local Agency Formation Commission today, saying the city has been put in double jeopardy because the commission failed to re-schedule its Monday night annexation rehearing.

"Anything that goes on will be a kangaroo court," said City Mgr. Bert A. Balmer. "The fact we are absent is not our fault. It is LAFC's."

The rehearing on Mill Valley's proposed 137-acre high school and tidelands annexation was set next Monday following a split vote of the commission last Monday.

Mill Valley later asked for another date, pointing out that the Mill Valley council also meets next Monday and none of the councilmen could attend the commission hearing.

Four councilmen were present when the hearing was rescheduled at this week's hearing, but no protest was made at the time.

Commissioner Byron W. Leydecker, absent at the meeting, has said he will be at next Monday's meeting, thus breaking the deadlock. Should nothing be done about the tie vote by Dec.

Rusk, Gromyko Meeting On U.N.

UNITED NATIONS, N.Y. (UPI)—Secretary of State Dean Rusk flew to New York today for a meeting with Soviet Foreign Minister Andrei Gromyko aimed at solving the politico-financial crisis crippling the General Assembly.

Although informed sources said no definite appointment had been set up, Rusk will attend a reception to be given by Gromyko tonight at the Soviet Embassy.

Gromyko planned to leave for home Sunday. He was expected to meet Rusk for more formal talks than the reception encounter later today or tomorrow.

Figures On Arrests Different

An apparently sensational half-year jump of 115.9 per cent in Marin County's juvenile delinquency arrests is reported in a mid-year crime summary issued by Atty. Gen. Thomas C. Lynch.

But in the words of the song "It Ain't Necessarily So," county officials said today. As in reports of previous years, statistics on juvenile arrests can be misleading.

"The catch lies in the lack of uniform definition of the word 'arrest' as applied to juveniles," said county probation officer Walter H. Busher today. "No two counties in the state apply the same standards, nor to the various police officers of Marin County.

"Cause for the amazing figure cited in the summary seems to be the increased efforts of the sheriff's office wihch now has two officers handling only juvenile matters in the juvenile burear. This office indeed shows a sharp jump in its records.

"The rise seems because every personal investigation is reported as an arrest whereas in going after some Halloween disturbance, for instance, a dozen or more may be interviewed with a true arrest of only one or two."

Busher said that state officials recognize this and that he has been informed by a representative of the Bureau of Criminal Statistics of the Department

New Plans For Marin Park Are Unveiled

By WAT TAKESHITA

Surfing, picnicking and possibly camping facilities are being planned for a new state park that is being acquired just north of Golden Gate Bridge on land now occupied by the military.

James E. Warren, deputy chief of planning and control for the State Division of Beaches and Parks in Sacramento, disclosed this week that the new park will be known as Marin Headlands State Park.

Heretofore, the park was referred to as "Golden Gate Headlands State Park," but this was discarded in favor of Marin Headlands State Park to avoid confusion with Golden Gate Park in San Francisco, Warren explained.

"So far, we've picked up two pieces of land totalling about 250 acres," said Warren. One is on Fort Baker land near the Waldo tunnel, and the other on Fort Cronkhite land north of Tennessee Cove.

Within the next six to eight months, 300 additional acres are expected to be declared surplus by the Army.

The State Division of Beaches and Parks will acquire these surplus lands from the 150 million dollars in bonds approved by voters under Proposition 1 on the November ballot.

Warren said he cannot say just when the new state park will open up for public use. "The whole project has to go along at the pace set by the military in releasing land," he explained.

Just as soon as enough land is acquired for an access, developments can begin, said Warren.

The new park, when completely acquired, will run from Golden Gate Bridge to a point north of Tennessee Cove. It will include Rodeo Beach area (not yet acquired), which is being eyed as a prime area for immediate day use, such as surfing and picnicking.

A one-way tunnel, which leads from Fort Baker into Forts Barry and Cronkhite, could be a temporary access to the new park.

"Marincello adds to the access problem," declared Warren. Marincello is a giant housing

San Rafael Post Office Bids Called

San Rafael may have a new million-dollar post office building near San Quentin Wye by Christmas next year.

The Post Office Department is seeking competitive bids to build and lease the new main post office in San Rafael, Postmaster General John A. Gronouski announced today.

The present main office will be retained, becoming a branch station.

The site selected is on the east side of Bellam Boulevard next to the Blue Chip stamps building. The lot will have 245 feet frontage on Bellam and will run 450 feet to Simms Street.

"We hope to start construction in late spring and may have the new post office ready for next Christmas," said Warren Williams, San Rafael postmaster.

Under the Post Office Department's lease construction program, the successful bidder will purchase the property, construct the building and lease it to the Post Office Department for a basic period of 20 years, with options to renew the lease for an additional 30 years.

The building will remain under private ownership with the owner paying local real estate taxes.

Bidding documents will be available in the near future from Lawrence E. Guay, regional real estate officer, room 409, 79 New Montgomery Street, San Francisco.

Guay will supply bidding forms, building specifications,

Weatherman May Veil Moon Eclipse

The weather man was unable today to spread much sunshine — or moon glow either — over Marin for the few remaining days before Christmas.

Rain was forecast for today, tonight and tomorrow, with small craft warnings for 30 to 35-knot winds along the Marin Coast and south to Half Moon Bay. By midmorning, the county was dampened, but no measurable amounts were reported.

The clouds are expected to veil 1964's last major astronomical event—the total eclipse of the moon. The shadow of the earth is due to start biting into the moon's disc at 4:59 p.m. today, Pacific Standard time; could Marinites see the event, they would see only a coppery-red, almost invisible Luna from 6:07 to 7:07 p.m., with the moon emerging completely from the shadow by 8:15.

Five-day forecasts for the Bay Area predict "rain at times, temperatures below normal."

Cyprus Extension

UNITED NATIONS, N.Y. (AP)—The U.N. Security Council approved today a recommendation from Secretary General Thant that the life of the U.N. peace force in Cyprus be extended another three months.

American, Russian Spies Sentenced To 30, 20 Years

NEWARK, N. J. (UPI) — A federal judge today sentenced convicted American spy John Butenko to 30 years in prison and his Russian co-defendant Igor Ivanov to 20 years.

Three terms were imposed on Butenko for each count of an indictment, all of the terms to run concurrently. He sentenced him for 30 years for conspiring to pass secrets to the Soviet Union; five years for failure to register as an agent of a foreign government, and five years for actually serving as an agent for Russia.

Ivanov was sentenced to 20 years for conspiring to pass the defense data to Russia and five years for acting as an agent of the foreign power, both terms to run concurrently.

Immediately after the sentencing, federal marshals took the two men to the Hudson County Jail in Jersey City. Butenko has been lodged there since his arrest last year, while Ivanov had been free in $100,000 bond posted by the Soviet government.

The bail for Ivanov was denied after the sentencing.

Attorneys for both defenses said they would file appeals.

Both men could have received the death penalty on their convictions of plotting to pass Air Force defense secrets to members of the Russian United Nations delegation.

THE CHRISTMAS STORY

Joseph, Mary Betrothed; Family Goes To Jerusalem

By FULTON OURSLER

(Second in a series)

For this night's negotiations Joseph made great preparations. Thoroughly he cleansed himself and trimmed his beard. Carrying a gift of Damascus sweets, he set off through the crowded street.

Joseph was greeted at the door by Joachim. Inside were Anna, Mary's mother, and a strange woman he had never seen before. This was Elizabeth, kinswoman of the family.

Once, sometimes twice a year, they had a visit from cousin Elizabeth, daughter of Anna's much older sister. Between Mary and Elizabeth there was a difference of more than 40 years; it was like being cousin to your own grandmother. Most of these 40 years the older cousin had been married to a country priest in a village not far from Jerusalem.

Cousin Zachary was even older than his wife. They were very poor, and the village of Ain Karim where Zachary labor-

Guard Plane Crash Kills Four

FORT WORTH, Tex. (AP)—A huge Air National Guard tanker plane crashed, exploded and burned on an attempted landing at Greater Southwet International Airport last night, killing four of the 11 men aboard.

The seven guardsmen who survived the fiery crash in sub-freezing weather were taken to Parkland Hospital in Dallas. Authorities said none was believed seriously injured.

Their KC-97, a prop-driven craft, cracked up at the south end of the airport, which is midway between Dallas and Fort Worth. Fire units battled two and one-half hours to douse the flames.

The plane, from the 136th Air Refueling Group at Hensley Field in the Dallas suburb of Grand Prairie, was on a four-hour training mission.

U.N. Shell Firing Search Pressed

NEW YORK (UPI)—Police today were searching for a tall, swarthy man suspected of firing a shell at the United Nations headquarters last week.

U.N. Suspect

Shortly before the shot was fired he was seen "acting nervously," one block from a waterfront lot where a rocket launcher was found.

The suspect's description was provided by a mystery witness who told police the man had "a good build, round face, was clean shaven, with full lips, flat nose, black shiny hair waived and parted on one side."

The suspect was well dressed and wore sunglasses. He was apparently of Latin extraction, about six feet, three inches, 215 pounds and between 25 and 30.

A police sketch and description have been distributed to all police commands, a number of federal agencies and United Nations security forces.

Death Camp Study

COLOGNE, Germany (AP)—The Auschwitz tribunal returned to West Germany today from a three-day study of the Nazi camp in Poland where more than four million persons perished. It was understood that most of the 32 technical points the court intended to study were settled to the advantage of the prosecution.

Soldier Defects

FULDA, Germany (AP)—A 20-year-old American soldier drove to the East German border with a girl and the two fled into Communist territory, West German police say. U.S. Army authorities confirmed that a private first class was missing but would not identify him until relatives were notified.

Four Die In Fire

WINFIELD, Ill. (AP) — Four maintenance employees of the Du Page County Convalescent Home were killed today in a fire which destroyed their quarters in a cottage on the institution's grounds. Two other county home employees and a fireman were injured.

Dead In River

TRUCKEE (AP)—Two Reno youths were found dead yesterday in a car that plunged into the icy Yuba River 21 miles west of Truckee on Highway 40. They were identified as Alan D. Valena, 14, and Frederick C. Collins, 13. The car they were found in reportedly had been stolen.

Peace Corps Record

WASHINGTON (UPI)—The Peace Corps issued a record 2,314 invitations this week for volunteers to begin training for overseas assignments. The previous record for a week was 1,000 issued in the spring of 1964, officials said.

Duke Recovering

HOUSTON, Tex. (AP)—The Duke of Windsor, making an excellent recovery from arterial surgery, was expected to leave his hospital bed today for the first time since his operation. "It is expected he will be out of bed for short times," a hospital advisory said.

Talks Break Up

PHNOM PENH, Cambodia (AP) —Prince Norodom Sihanouk said today he is not interested in resuming the suspended Cambodian-American talks at New Delhi. The talks broke up yesterday after nine days.

Nuclear Force Plan

LONDON (AP) — By a 10-vote margin, Prime Minister Harold Wilson won House of Commons support yesterday for his plan to organize an Atlantic nuclear force. The Liberals voted with the Laborites.

Wall Furnace Deaths

SANTA ANA (AP)—A faulty wall furnace was blamed for the asphyxiation deaths of three members of a Santa Ana family yesterday. Dead are Joseph Espinoza, 25; his wife, Carolyn, 21, and son, Joe Jr., 3. The couple's other two children, Judy, 2, and Danny, 1, were with Mrs. Espinoza's parents.

Payment Postponed

LONDON (AP) — Britain announced today postponement of installment payments totaling 175.8 million dollars—due at the year-end—on postwar American and Canadian loans. The action was disclosed by Chancellor of the Exchequer James Callaghan.

Russ Trade Talks

WASHINGTON (AP)—U.S. sources say Secretary of State Dean Rusk told Soviet Foreign Minister Andrei A. Gromyko that serious talks on trade and other issues affecting the two countries may follow Russian settlement of her U.N. debt. The Russians have shown interest in increasing trade with the United States and establishing a New York-Moscow commercial air route.

DAWN MEETS DEATH — A fireman stands in the ruins of a private nursing home in Fountaintown, Ind., that burned early today, killing at least 18 patients. Firemen battled to keep hoses from freezing in 4 degree temperatures. (AP Wirephoto)

Blaze Roars Through Nursing Home, Killing Elderly Patients

FOUNTAINTOWN, Ind. (AP) — Fire roared through a nursing home in bitter cold today in this central Indiana community, taking a heavy toll among the aged patients.

Sixteen bodies were removed from the smoldering ruins of the two-story wooden and concrete-block structure. Two rescued inmates died and two were missing.

Heroic work of three attendants at the MacGraw Nursing Home saved 15 patients, one of them burned critically.

The cause of the fire was not known immediately.

Nurse's aid Myrtle Donahue, taken with 13 patients to Major Hospital in nearby Shelbyville, refused treatment for smoke inhalation until she had told nurses which were diabetics or needed special treatment.

"None of them wanted to come out," said Paul Whittington, a volunteer fireman. "It was just too cold."

He said one elderly woman escaped from a front door in her night clothes, walked around the building and re-entered through a back door. Firemen found her in the kitchen. She was among the survivors.

Dr. Lucian Arata, Shelby County coroner, said 11 bodies had been recovered from the ruins and one man died en route to a hospital after he was found lying unconscious inside the front door.

The coroner said five of the dead, all women, were found in the concrete block addition. Others died in their beds.

Little was left of the structure but the walls. A Christmas wreath still hung on the front door.

One survivor was taken into a private home and another to Greenfield, Ind. The latter was reported in critical condition.

Sheriff Edghill Moore set up command headquarters in the home of William McGraw, owner of the home and whose son, William, operated it.

The sheriff and operators tried to compile a death list from their memories. The home's records burned.

Bridge Collapses During Storm; Driver Is Killed

KENT, Ohio (UPI)—A 70-year-old bridge spanning the Cuyahoga River collapsed during a snowstorm today, sending a gasoline truck and a car plunging into the water.

At least one person was killed in the collapse and two school boys walking across the bridge were injured.

Authorities said the Crain Avenue Bridge, which serves as a connecting link between two main traffic arteries in this northeastern Ohio college town, collapsed as the loaded gasoline tank truck was driven over it.

The truck apparently fell on top of an automobile into the frigid waters. The body of the motorist was discovered when a crane pulled both from the water.

The victim was identified as Shockley Graham of Stow, Ohio. The truck driver, Harry Shuster, 29, of Stow, apparently was uninjured.

The bridge collapse also snapped a large water main running under the river and cut off water to a large section of Kent. The bridge, built in the 1890s, was of structural steel with wooden planking.

Transit Rails Will Be Bolted

CONCORD (UPI) — The Bay Area Rapid Transit District will bolt down the first rails in its test track in ceremonies here next week.

District directors said yesterday the track will be put in place near Oak Grove Road at the south edge of the city Tuesday at 10 a.m.

The test track will probably be ready for operation early next year, according to the directors.

Construction of the 75-mile rapid transit network will require seven years and passenger service is scheduled to start in mid-1968.

Jewish Chaplain Dies In Vietnam

FORT ORD (AP)—Lt. Col. Meir Engel, first Jewish chaplain to serve with the U.S. advisory force in South Vietnam, died of a heart attack in Saigon Wednesday, military authorities disclosed.

The 50-year-old chaplain volunteered for duty last August. A native of Tel Aviv, Israel, Engel had been a U.S. Army chaplain for 22 years.

Typhoid Epidemic Cause Is Found

LONDON (AP) — A government inquiry today said Argentine corned beef probably caused the typhoid epidemic in Aberdeen, Scotland, last spring. It also accused the city's medical officer of exaggerating the gravity of the outbreak.

The inquiry commission's 74-page report criticized the British Ministry of Health, saying it could have recalled corned beef stocks known to have been cooled in unchlorinated water.

Carpenters End Strike At Spaceport

CAPE KENNEDY, Fla. (AP)—A carpenters union local today ended a one-day strike which had slowed work on 246 million dollars worth of construction at the nation's spaceport.

Nearly 1,000 members of Carpenters Local 1685, AFL-CIO, struck yesterday in a dispute over hiring of 30 non-union carpenters. More than 2,500 other construction workers observed the picket lines and tied up work at Cape Kennedy, the Merritt Island moonport and nearby Patrick Air Force Base.

The Air Force and Army Corps of Engineers reported today that most of the workmen were back on the job.

There was no indication whether a settlement had been reached between the union and the contractor involved.

It was the fifth work stoppage at the Cape this year.

Redwood Freeway Arguments Rage

SAN FRANCISCO (AP) — The controversy over whether on not to build a freeway through the north-coast redwoods raged warm to hot here yesterday.

Not only was the possibility of a freeway discussed at a State Senate Committee on Natural Resources meeting, but also possible designs were reviewed. And considerable objection was made to California's "long, straight stretches" of highway, in the words of John Legarre, deputy director of the State Division of Highways.

The Eureka Chamber of Commerce strongly endorsed the Gold Beach route for the controversial new freeway, as opposed to a routing through the Prairie Creek Redwoods State Park area.

The chamber's proposal was firmly opposed by Charles DeTurk, State Department of Parks and Recreation director, and Mrs. Margaret Owings, State Park commission member.

Hugo Fisher, state resources agency administrator, and Mrs. Owings joined in urging that the Legislature repeal the State Highway Commission's authority to condemn state park lands for freeway construction.

R. F. Dembo, Eureka Chamber of Commerce manager, told a committee hearing that the beach route would be more economical to construct and would provide extra millions of dollars for freeway construction in Humboldt County.

He said the beach route would have a view of the ocean and the redwoods.

Mrs. Owings and DeTurk previously had urged that the freeway be built over an inland ridge route bypassing the park's giant redwoods.

They said the beach route would destroy the wholeness of the park.

State Sen. Fred S. Farr of Salinas, chairman of the Senate committee which met here yesterday, carried the conversation about California freeways into broader territory than the Humbolt County region.

Farr cited the Nimitz Freeway in the East Bay and the southern approach to the Carquinez Bridges in Contra Costa County as classic examples straight and tiresome thoroughfares.

FUSSELMAN DUE RETIREMENT PAY

$268.36 A Month Is Approved By Board; Goes Into Effect First Of Year

Supervisor William D. Fusselman of San Anselmo, who will be leaving the board after serving 22 years, will receive retirement pay unofficially set at $268.36 a month.

The Marin County Retirement Board accepted Fusselman into the system with the provision that he pay $7,596 as his contribution.

Fusselman, a member of the retirement board will continue as a member of that board. He was absent when the board approved his application and therefore did not vote on it.

Fusselman, who was defeated by Ernest N. Kettenofen for the second district supervisorial seat November 3, will be placed on retirement pay in January and is scheduled to receive his first retirement pay check Feb. 1.

The retirement board said the $268.36 a month figure "is unofficial but should not be off but more than a cent or two."

When Fusselman started on the board of supervisors the pay was $100 a month, it is now $500 a month and it will go to $800 a month in January, reported Stanley J. Fontez, administrator of the retirement board.

Plane Shot Down

TOKYO (UPI) — Red China's navy shot down a U.S.-made Chinese Nationalist reconnaissance plane over eastern China today, Peking radio reported tonight. The plane was described as a jet-propelled RF-101.

Smog Devices Still Mandatory

Crankcase devices for smog control on 1950 to 1961 cars are still mandatory.

An Associated Press story from Los Angeles, printed in yesterday's Independent-Journal, dealt with the proposed exhaust devices, not with crankcase devices.

The State Motor Vehicles Pollution Control Board met in Los Angeles and postponed indefinitely the deadline for installation of exhaust devices because the cost is too high.

However, the law on mandatory installation of crankcase devices is still in effect and will be, unless the state legislature revises the law when the new session begins next month.

Surgery Case Arguments Winding Up

(I-J Special Report)

SAN FRANCISCO — Final arguments in the abortion trial of Dr. Robert K. Corbett, brother of late Donald G. Corbett Jr. who was murdered by robbers in Sausalito last spring, began today in federal court.

Most sensational aspect of the ending of testimony was the playing of a tape recording of conversation between Corbett and Lupe Alice Estrada, a former patient on whom he operated for varicose vains.

Over defense objections overruled by Federal Dist. Judge A. J. Wollenberg, the recording made by the FBI with knowledge of Miss Estrada was heard and in a few points it seemed at variance with previous Corbett testimony.

Whereas the doctor had denied a reported phone call from a friend of Miss Estrada, the tape recorded him as saying that "your friend called me, said everything was all right."

Miss Estrada addressed the doctor as "Bob" and referred to a "needle scar." She alleges that Dr. Corbett was responsible for her pregnancy and that he performed a type of abortion involving injection by needle, both of which have been denied by the defendent.

Corbett was recorded as asking Miss Estrada to "come up and have a nice long talk" and as discussing his separation from his wife.

26 the commission will have failed to act and the city may continue annexation proceedings without LAFC approval.

"The commission chairman recognized the problem confronting the city council and attempted to set anothed date but was unable to get five commissioners any other time," reported John F. Barrows, assistant county administrator and LAFC executive officer today. He said the request for another date was received by telephone.

"As of now," Balmer said, "there will be no representative from the city at the Monday meeting since the council must hold its own official meeting Monday night." The council meets at 8 p.m., LAFC will meet at 7:45 p.m. in Civic Center.

Balmer, who said he tried Wednesday morning to get another date, added, the LAFC meeting is "improper ethically and morally . . . we also feel that this second meeting puts us in double jeopardy because a legal meeting was held for four hours and 20 minutes. Everyone has found they have had a fair shake in court."

School Ending For Holidays

Children in Marin may be having visions of sugar plums today, but the best vision for most is a two-week vacation, starting tomorrow.

Pupils in Marin public schools today attended their last classes until Jan. 4.

Today was the last day of school before Christmas vacation starts. The students return to school Jan. 4.

The county's Catholic elementary schools and Marin Catholic High School will be open two more days, Monday and Tuesday, before they close for the holidays. The Catholic youngsters return to school on Jan. 4 also.

Gifts For Patients

Fourth, fifth and sixth graders at Bel Aire School in the Reed Union School District are buying small Christmas gifts with money they have earned, to be given to patients at the Terra Linda Valley Hospital.

Yule Story Hour

Barbara Rauhala, children's librarian of the Marin County library will hold a Christmas story hour at the Kentfield branch library at 2:30 p.m. Monday.

STORY

Continued from page 1

ed in the synagogue was small and obscure.

Elizabeth had arrived with news. Soon Zachary was to be pulled out of his obscurity. To any little village priest the honor might come. Now Zachary was called again, after years, as a priest of the line of Abia, to celebrate the sacrifice at the holy place, in the Temple of Jerusalem.

Joachim entered and cleared his throat.

"This is Joseph," the husband announced awkwardly. "He comes to tell you how much he loves our child."

"I love your daughter Mary. I saw her on the first day you moved into this town. I have seen her every day since, except that sad time when she was ill with a cold and you kept her in bed."

"You knew about that?" gasped Anna.

"I am lonely and I want Mary to be my wife. I have come to espouse her, if it will be your pleasure to have it so," he finished.

And presently Mary, light blue mantle over her shoulders, came barefoot into the room and stood before Joseph.

The future bridegroom thanked the mother and father but kept looking at his promised one; so young and strong and dreamy was Mary that night.

Of course Joseph was invited to go along with the family to attend cousin Zachary's proud occasion in the temple.

One brisk day in the Palestinian spring Mary and Anna mounted rented donkeys, and Joachim and Joseph, reins in hand, started off, leading them on foot, for the three-day journey to Jerusalem.

Now they were entering the outer and lowest court of the temple, first approach to the sanctuary where cousin Zachary was to appear in his hour of glory, chief performer at the sacrifice just before sundown. Already thousands of worshipers filled the rectangle within the five gates of the mighty edifice.

Without delay Anna and Elizabeth and Mary proceeded to the Court of the Women, beyond which they might not go.

And now Joseph had arrived at the very spot where David had built the altar and where Solomon had reared the wonderful temple that had stood here for nearly 400 years until it was destroyed by Nebuchadnezzar.

On one side of the high altar before them sat a short, watchful man with a goatlike beard, a priest in his early 50s who kept his eyes fixed on a small doorway. Suddenly Joseph heard an irreverent chuckle close to his left ear, and, turning, beheld the incorrigible and yet friendly face of Samuel, the merchant, the revolutionist. Samuel winked:

"That man you were watching is Annas! Famous and mighty Annas!"

Samuel, with a baleful glance up at the altar, explained that Annas was the high priest of the temple; then Joseph felt very much awed. But the gossip, shaking his head and still further lowering his voice, insisted that Annas was not a godly man at all but a mere politician.

"Ah," sighed Joachim, "there comes cousin Zachary now. Joseph, look; that is he!"

Of the thousands praying in the rectangular courts only cousin Elizabeth knew of one special intention this old priest would be including in his prayers this afternoon. But Joseph could guess from what Mary had already told him. Zachary's faith was tenacious and humble; though he was past his threescore years and 10 he still asked God dutifully every day that Elizabeth and he might have a child.

With bowed head and closed eyes the crowd waited. For a long while there was no sound, not even a cough. Then, presently, Joachim opened one eye and glared at the altar. What was keeping Zachary within?

By now five minutes had gone by and there was still no sign of Zachary.

"Something is strange," Joachim murmured to Joseph.

RENATO SOTILLE
College student choice

President Is Elected At College

Renato Sotille, with 335 votes, defeated John Bright, with 268, in runoff election for president of the student's at College of Marin for the spring semester yesterday.

Bright, of Waldo Point, had led in the primary balloting.

Sottile, 20, is the son of Mr. and Mrs. Joseph L. Sottile, 251 Miller Avenue, Mill Valley. He is a pre-law sophomore who plans to go to San Francisco State College next fall.

A graduate of Tamalpais High School, Sottile was born in Messina Italy, where he lived until he was six, moving with his family to Ontario, Canada and then to the United States.

This semester he was properties commissioner for the executive council of the associated students, was on the student center committee and is a member of the Atheneum Club.

Corte Madera Christmas Art Contest Won

First prize for painting window decorations at the Corte Madera Shopping Center was awarded yesterday to Steve Fischer and Mario Zemann of the Henry C. Hall School. The pair received a $25 gift certificate in the Christmas art contest.

Second prize went to Lynda Walsh and Carol Hoffman of Neil Cummins School, with third prize for Bob Fox and Tim Wilson at the Hall School. Fourth prize went to Patty Gatto and Ann Davis, and fifth prize to Suzi Campana, Shirley Switz and Marilyn Del Ponte, all of Cummins.

A special merit award went to Sheryl Hoipkemeier and Shari Hoipkemeier and a good sports award went to Sally Gries and Sue Little, all of Cummins. Prizes were awarded by the Corte Madera Merchants Assn.

Regents Meeting On 'Free Speech'

LOS ANGELES (UPI) — Regents of the University of California meet today to consider a faculty proposal to end the "free speech" controversy that has kept the Berkeley campus in turmoil for nearly three months.

The proposal was endorsed 824-115 at a Dec. 8 meeting of the Berkeley Academic senate, which represents all permanent faculty members on the campus.

In telegrams sent yesterday, the American Civil Liberties Union in New York urged the regents to adopt a more liberal policy toward student politics on campus.

of Justice that it is now after more realistic figures, intending to correct in its annual compilation the obvious error of the half-year statistics.

When an abnormal showing of not only Marin but also of Humbold and Merced counties was noted, state officials hastily checked with the sheriffs' offices in all three counties and discovered special circumstances in each case. It is understood that there is an explanatory note regarding Marin in the half-year compilation but its text has not yet been received here.

Busher's interpretation was confirmed by the sheriff's office, which agreed with Busher that although there is a rise in juvenile arrests it is generally in line with the county's population increase.

"For the first 11 months of this year the increase of actual referrals to this office of about 16 per cent," said Busher. "This compares with a rise in public high school enrollment of 13.5 per cent.

Marin's felony crimes showed an increase of 32.7 per cent during the half-year, according to Lynch's report, while there was a rise in adult felony arrests of 15.7 per cent.

This placed Marin among Santa Barbara, San Mateo, Humboldt and Sonoma counties as the leading areas of felony crime increase. Lynch said, in issuing the report, that the increase follows a normal pattern over the past 10 years and do not represent any "significant change."

Mrs. Owen Now Owns Playground

The Sausalito Recreation Commission learned last night that one of the city's leased playgrounds is now owned by Mrs. Marsha Owen (Sally Stanford).

It was pointed out, reported commissioner James E. Muldoon, that Mrs. Owen has said she has not yet received any rent on the lease. The commission agreed to send commissioners Elmo V. Maggiora and Alfred M. Arenz to meet with Mrs. Owen for continued use of the land.

City Mgr. Charles A. Brown said today that the reason Mrs. Owen has not been paid is that "she hasn't billed us." He said the city pays every four months.

"I didn't know you had to bill a tenant," said Mrs. Owen, who added she will do the needful right away and that, "it's worth more than $15 a month." She said she bought the Third Street Playground in February from Nunes Brothers, boat builders.

The playground, which has two swings, a sandbox, slide and jungle gym, has been leased for several years from Nunes Brothers at $15 a month.

development being planned on land north of the military reservations.

The park official said that a report on the new park will be presented to the State Legislature first thing next year.

"The principal reason for acquiring the surplus military land is to preserve the tremendous open space and headlands and the view toward the Golden Gate," said Warren.

"The development will be handled with delicacy so as not to ruin the natural beauty."

Girl Picked Up For Shoplifting

A 12-year-old Corte Madera girl was halted yesterday in the course of what police said was a Christmas shoplifting spree. Police reported that she went from school to the Corte Madera Center and picked up a scarf, jewelry, a wallet and other goods at Montgomery Ward, Woolworth's, W. T. Grant's, Thrifty Drug and Littleman Grocery Store.

The girl was released to her father and cited to the county probation department.

other two suspects in being transported to San Rafael for the arraignment.

Prison officials said the case broke when Gonzales was discovered to have seven bindles of heroin and $85 cash in his possession at the prison. They said Herman, 332 Jean Street, Mill Valley, allegedly took the heroin into the prison in a cigarette package. An estimated 10 ounces of heroin had been illegally moved during the six-month period, investigating officers said.

Herman is represented by Charles L. Convis, San Rafael attorney. Naming of counsel for the three inmates was expected at today's arraignment.

Family Split —Because Of Highways

A two-car, Oregon-bound family found itself split up yesterday —half on Highway 101 and half on Highway 40.

Both highways lead eventually to Portland, but, Mrs. Jo Anna Cortnik told San Rafael police, she and her son weren't in the car that boasted the family exchequer. She had become separated from the car her husband was driving, at Albany's left-handed offramp which peels Highway 17 traffic onto the Richmond-San Rafael Bridge approach.

Husband William Joe Cortnik had kept right on toward Vallejo.

Police found the accidental visitors a motel for the night, and put out an all-points emergency bulletin. Shortly before 11 a.m. today, California Highway Patrol officers in Solano County reported that the husband had turned to them for help.

The family, home-based in Long Beach, expected to be reunited by noon. If no one gets lost on those bridge approaches, that is.

Postmaster Williams said the present post office building at Third and D streets will be retained. It will be known as the Mission Rafael Station, when the new post office is completed.

Fur Coat, TV Stolen At Home

Theft of over $550 worth of items including a fur coat and television set in the burglary of the home of Henry C. Goodwin, 156 Stanford Avenue, Homestead Valley, was reported today by Marin County sheriff's officers.

Deputies said entry was made by removing a front window screen to the house. Reported taken while the Goodwins were away were the television, a high fidelity set, $200 worth of phonograph records, a radio, a pair of binoculars, and an Italian-make .38 caliber revolver.

Exit was via a front door, officers said.

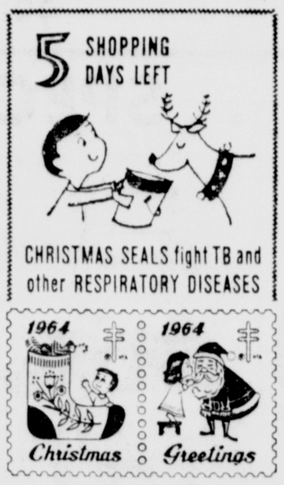
MARSEILLE, France (UPI)— Three masked bandits held up the local tax office today and made off with nearly $30,000 of French currency.



OBITUARIES

George Lebakos Dies At 74

George J. Lebakos, 74, of 425 The Alameda, San Anselmo, died yesterday at the home of his son, Dan G. Lebakos of Kentfield, after a sudden illness.

A native of Greece, Lebakos had lived in California about 45 years and in Marin County for 40 years. He was a self-employed landscape gardener, and a member of the Marin Rod and Gun Club.

Surviving are four sons, Dan and James G. Lebakos of San Francisco, and Robert J. and Frank G. Lebakos of San Rafael.

Funeral will be held at 1:30 p.m. Monday at the Chapel of the Hills, San Anselmo. Burial will be at Mount Tamalpais Cemetery, San Rafael.

DONNA JANES

Graveside services were held at the Odd Fellows Cemetery at San Luis Obispo Wednesday for Mrs. Donna M. Janes, 86, grandmother of Donald J., David, Theodore and Allen McIssacs of Olema.

Mrs. Janes died last Monday in a Petaluma sanitarium. A native of Canada, she operated several grocery stores in Sonoma County with her husband, the late Ralph H. Janes, before his death in 1958.

C. S. KELLY SR.

C. Stanley Kelly Sr., 73, retired San Mateo public official, judge and banker, died unexpectedly yesterday in his home at Santa Cruz. He was the brother of Alfred and Harold Kelly, both Marin County residents.

A native of San Francisco, Kelly served as municipal judge in Burlingame, San Mateo County purchasing agent, and was a founder of the Broadway Bank of Burlingame. After the bank's merger with the Bank of America, he served as a member of the bank's board of advisers.

He is also survived by his wife, Mary, daughter, Polly Hobbs of Santa Cruz and son, C. Stanley Kelly Jr. of Fresno.

The Rosary will be recited at 7:30 p.m. Sunday in White's Chapel, Santa Cruz, with a Requiem Mass at 9 a.m. Monday in Holy Cross Church, Santa Cruz.

PUC Will Set Phone Hearing

The state Public Utilities Commission will schedule a hearing in January on extended service between Western California Telephone Co. in Novato and the San Rafael exchanges, according to J. Julien Baget, Novato city administrator.

Ross Wright, local manager of the Western California Telephone Co. told Baget that his company would file an application for the service sometime early next month and that he expected the PUC to set the date of the hearing during next month.

On Nov. 5, the PUC held a hearing in the community house in Novato asking for toll free service between 883 exchange in southern section of the city and the San Rafael exchanges, owned by Pacific Telephone and Telegraph Co.

Rain In Tiburon Brings A Problem

By ELLEN BRY
(Second of three articles)

When it rains on the Tiburon Peninsula, the water comes rolling down the hills of the city of Tiburon to the low spots. Some of those low spots are in the city of Belvedere.

The two cities and the Tiburon Sanitary District have been talking of forming a floor control district to stop flooding at the Cove-Lagoon road area in Belvedere.

Tiburon also would like the project to tie into a larger drainage project which probably would benefit Tiburon residents more than those in Belvedere. So how do you decide who pays what share?

A Tiburon city council committee has said that the plans as now drawn would not stop the Belvedere flooding.

Belvedere doesn't want the outlet for the storm drain to go into Belvedere Lagoon, as now planned, because it might silt up the San Franciso Yacht Club harbor where many Belvedere residents keep their boats. Tiburon people say it will cost a lot more money to run the outlet to Racoon Straits.

The theoretical mire of opposing ideas and the real mire are both expected to get deeper as the rainy season progresses.

Tiburon is served partly by the Tiburon Sanitary District, partly by the Richardson Bay Sanitary District.

Belvedere has its own sewer system, but sewage is treated by the Tiburon Sanitary District in its plant. Belvedere would also like the district to maintain the city sewage lines. In fact Belvedere officials have been attempting to get the sanitary district to express some interest in annexing the city to the district. The sanitary district so far has taken no stand.

There are hints that at least one Tiburon city councilman would like to see the city ultimately control the Tiburon Sanitary District, which might or might not affect Belvedere's interest in joining and might or might not affect the legal technicalities.

On the Tiburon council agenda for Monday is an item listed as "matter of determining policy or attitude of city (Tiburon) with respect to question of annexation of the city of Belvedere to the Tiburon Sanitary District."

Both cities are served by the Mill Valley Garbage Co. The company contracts with the city of Belvedere. In Tiburon it contracts with the Tiburon Sanitary District to serve residents of the district. But where the boundaries of the sanitary district end and the city of Tiburon continues, the company collects in the area but apparently has no contract with any agency.

Tiburon would like to take over the garbage contract and rewrite it to cover the entire city.

Belvedere has a city volunteer fire department; a few blocks away is the main firehouse of the Tiburon Fire District, a separate entity from the city of Tiburon.

The Tiburon district, with some paid firemen and many volunteers serves nearly all of the city of Tiburon (and unincorporated areas outside it) except the Reedlands—which is covered by the Alto-Richardson Bay Fire District.

The Belvedere-Tiburon branch of the Marin County Library serves both cities, part time, in small quarters in the business area of Belvedere — just barely in Belvedere, according to the way the boundary of the city cuts through the Boardwalk shopping area.

Both cities probably could gain, if it were important enough to their residents, in a cost sharing plan with the county or without it, to provide money for the overworked librarian and a larger number of volumes and perhaps making it a full time library.

The two cities share a post office, located in Tiburon. Officially when you address a letter, you should write "Belvedere-Tiburon" because that's the official name of the post office.

Yule Tree Fire Hazard Rules Recited

CHICAGO (AP) — A dry Christmas tree can be a fire hazard, the National Safety Council warned today.

To keep trees reasonably safe, the council gave some tips:

Make sure wiring in tree lights is in good condition and unplug lights when unattended.

Lights should not be strung on metallic trees.

Keep electrical toys out from under trees.

Don't overload electrical circuits.

Keep all sources of flame away from the tree.

Make sure the tree stand is filled with water.

Take down the tree soon after the holidays.

The council also advised keeping children out of crowded kitchens while holiday meals are being prepared — less chance of accidents.

Flames Destroy Tahoe Landmark

TAHOE CITY (AP) — The Tahoe Tavern, one of the oldest buildings still used in the Lake Tahoe basin, burned to the ground Wednesday.

Cause of the $75,000 fire was not determined.

The brown shingled building, over 50 years old, was noted for its 75-foot tower. The tavern was designed by Walter D. Bliss, designer of San Francisco's St. Francis Hotel.

The owners had planned to preserve the tower as a museum.

Man Jailed In Savage Murder

SAN FRANCISCO (UPI) — San Francisco police today arrested William M. Butler, 22, as a suspect in the savage murder of an elderly apartment house manager.

Police said they were still searching for an unidentified second man in connection with the slaying of Willard B. Scott, 92, whose badly beaten body was found stuffed behind the bed of his blood-spattered apartment yesterday. A strongbox containing an estimated $1,500 in rent money from occupants of the 32-unit Don Marco Apartments was missing.

Police said Butler lived in the Market Street apartment house which Scott managed. The arrest was made by the robbery division early today, but police gave no further details.

Scott's fully-clothed body was found stretched face down on the floor behind the wall bed yesterday. The bed door was locked shut and police had to call a locksmith and the fire department to open it.

The body had been discovered after occupants became alarmed when they did not see the old man anywhere around the building. Building owner Frederick Seebe went to his apartment and called police after he found blood there.

Scott collected rent money from the tenants on the 15th and 30th of each month. He kept the cash-laden strongbox on the top shelf of a closet behind the wall bed.

Neighbors said Scott rarely locked his door. Police believe the killer walked in and slugged the unsuspecting Scott. There were no indications of a struggle having taken place and the room had not been ransacked.

Scott's son, Charles, an Orinda insurance executive, said his father retired as a traveling salesman only three years ago to become fulltime manager of the apartment house. The victim also had a daughter, Mrs. Russell Borda of Burlingame.

Mrs. Margaret Conser, who lived just down the hall, described Scott as a "friendly man. He even carried candy kisses in his pockets. He offered us some and jokingly asked us if we'd like to have a kiss."

Burned Church Funds Sought

LOS ANGELES (AP) — Plans for a nationwide campaign to raise money to construct a new church where one was burned down in Mississippi were announced here yesterday.

Dr. Myron C. Cole, president of the Council of Churches in Southern California, said a $25,000 fund drive will begin Ash Wednesday.

The new church will replace St. Matthew's Baptist Church near Jackson, Miss. It was one of 38 churches destroyed by fire.

The total brightness of the moon is calculated as about equal to a 100 candlepower lamp at a distance of 66 feet.

WILD DEER VIEW SCENE OF NATIVITY

EL PORTAL (AP)—Wild deer came down from Yosemite National Park yesterday to admire the Christmas Nativity scene fashioned by Yosemite Home and Garden Club.

Members watched as the animals—three bucks and two does browsed among the Magi and stuffed camels, stripped the creche of all hay and wandered sacrilegiously off into the night.

A slight alteration has been made in the United States-Mexico border, the National Geographic says. Mexico lost land along the Rio Grande when the river shifted course in the 19th Century. An exchange of treaty ratifications early in 1964 restored to Mexico a large part of El Paso's Chamizal Zone. Four miles of the Rio Grande will be relocated in a concrete channel along the new boundary.

Lorraine Dowdy Gets Divorce

Lorraine C. Dowdy, Novato horsewoman, was granted an uncontested interlocutory decree of divorce in Marin Superior Court yesterday from her husband, Dr. Kemp H. Dowdy, San Francisco.

Mrs. Dowdy charged cruelty. Judge Samuel W. Gardiner granted her custody of the daughter, Candida, 14, alimony of $1,250 monthly, and child support of $150 monthly, plus costs at Dominican Convent for the girl.

Dr. Dowdy received custody of the son, Kemp H. Jr., 19. The couple was wed June 19, 1943, San Francisco, and separated in June of 1962. She resides at 896 Sutro Avenue. Both have been prominent in showing of Arabian horses.

Hearing Postponed

SANTA MONICA (UPI)—A child custody hearing involving actress Ann Kashfi and her ex-husband, Marlon Brando, has been postponed until Jan. 7 due to her illness.

Newspaper Strike

Rec Director Gets Pay Hike

The Marinwood Community Services District board last night granted recreation director Lawrence L. Crawford a $25 pay raise to $525 a month.

Crawford started the job six months ago and his raise was recommended by the Marinwood Parks and Recreation Commission.

The board also authorized county counsel Douglas J. Maloney to seek legislation that would give community service districts jurisdiction under health and safety law.

Mrs. Genevieve Bolding, district secretary, said the proposed legislation would give the district authority in such matters as weed abatement.

SUB ZERO BELL RINGER — Robert Dietz of the Salvation Army remained at his post in Helena, Mont., yesterday with the help of a foot warmer. The temperature outside his booth was 20 below zero. (AP Wirephoto)

Cold Air Brings Misery To U.S.

By U.P. INTERNATIONAL

Arctic air numbed most of the nation today and brought sub zero temperatures over a million square miles from the Pacific to the Great Lakes and south to Texas.

Cold wave warnings were posted for all of the southland, except Florida. In the West only California was expected to escape the frigid air.

The cold brought misery to thousands in the forms of power, water, heat and transportation troubles.

Southern Texas was hit by a combination of ice, sleet and snow. Three expressways in San Antonio were closed to traffic.

Freezing rain also fell in Louisiana.

Low temperatures today included Hibbing, Minn., 30 below; International Falls, Minn., 26 below; Worland, Wyo., 25 below; Helena, Mont., 20 below; Bismarck, N.D., and Duluth, Minn., 18 below, and Rapid City, S.D., 16 below.

High temperatures yesterday failed to reach above zero in vast areas of the mountains and midwest. Some high readings were Helena, 8 below; Bismarck, 7 below; Rapid City, 3 below; Minneapolis, Minn., 2 below, and Omaha, Neb., 1 below.

Officials in Adams County, North Dakota petitioned Gov. William L. Guy to declare the county a storm disaster area. Extreme cold and snow blocked roads have taken a heavy toll of cattle and wildlife in the county and other southwestern areas of the state, the officials said.

Record lows yesterday included 20 below at Spokane, Wash. —the coldest there in nearly 15 years—near 30 degrees below readings in Wyoming, Montana, and Western Oregon, 9 below at 9 below at Lincoln, Neb., 8 below at Des Moines, Iowa, and 5 below at Concordia, Kan.

Power companies in Northern California, Oregon and Washington reported record high peak loads yesterday.

No Mistake In Vote Tally

SANTA ANA (AP) — Orange County Clerk William St. John said yesterday that there is no indication of discrepancies in the county vote results reported by the electronic system used in the Nov. 3 election.

His statement followed a Contra Costa Grand Jury announcement that it had found definite discrepancies in its election results.

Both counties used a Coleman Electronic Vote Tallying System.

St. John said the counting problem in the Northern California county was traced to fluctuations in electrical power supplied to the machine.

Couple Must Pay Tax On Nevada Property

SAN FRANCISCO (AP) — A California couple owning and deriving income from property in Nevada must pay California state income taxes, the State District Court of Appeal ruled here yesterday.

The court said that George Whittell Jr. and his wife, Elia, must pay an estimated $250,000 on income from 1940 to 1958 from their Nevada property. Nevada has no state income tax.

The Whittells own one-sixth of Lake Tahoe frontage property valued at more than 27 million dollars.

The appellate court here upheld the Franchise Tax Board and reversed a San Francisco Superior Court decision. The appellate court held that throughout his life Whittell's family, business and professional connections were in California; that he and his wife occupied their Woodside home from eight to nine months each year, his wife maintained a San Francisco apartment and they lived only four months of each year in their home at Crystal Bay, Lake Tahoe.

The court said, "Every individual who is in this state (California) for other than temporary or transitory purposes is a resident."

Whittell owns the Whittell Realty Co., San Francisco. He said the income from his Nevada property comes from sale of Christmas trees, rentals and other allied interests.

Fatal Crash

PACOIMA (AP) — Police said Karen Asbury, 25, was fatally injured yesterday when her motorscooter struck a curb and pitched her head-first into a tree.

Social Disease Is On Increase

GENEVA (UPI) — The World Health Organization warned today of an "enormous increase in syphilis" over the past decade.

The number of cases had reached a low point when 76 nations were surveyed in 1955, the WHO said, "but since then they have increased steadily."

During the past decade, Europe showed an increase of 95 per cent in incidence of the disease; Africa, 79.3 per cent; the Americas, 71.4 per cent; the Western Pacific and Southeast Asia, 56.4 per cent, and the Eastern Mediterranean, 50 per cent.

Atomic Mines 'Cannot Be Set Off By Running Rabbit'

BONN, Germany (AP) — Atomic mines such as the Atlantic allies are considering using cannot be set off by a running rabbit or a refugee, a spokesman for the Defense Ministry said today.

Col. Hasso Viebig, the ministry's chief press officer, said there was no question of laying a belt of mines or mine fields.

Under a hail of questions from West German newsmen, Viebig and Karl Guenther von Hase, Chancellor Ludwig Erhard's chief spokesman, declined to say much on the positive side about the possible use of atomic mines.

Viebig confirmed what U.S. Defense Secretary Robert S. McNamara already has said, that the necessary equipment is in Europe.

No Session

There was no meeting last night of the Marin City Community Services District board due to lack of business. The next meeting will be held Jan. 21, according to secretary John A. Thomson.

DINING OUT AND INNS

By HARRY CRAFT

Most Restaurants Plan To Close Christmas, But Some Will Be Open

Most Marin restaurants will be closed Christmas Day, while owners and employees take a holiday. We have not attempted to canvass the entire county, but for those who don't care to dine at home—here are a few places checked at random where you can get service.

Alioto's Arbordale, Sausalito, will open from 2 to 10 p.m. A new menu offers king crab legs, mahi mahi, other seafoods and brochettes. Open also on New Year's.

Alta Mira Hotel, Sausalito, is serving breakfast from 8 a.m. to 1 p.m. and then dinner until 10:30 p.m.

Tiburon Tommie's Mai Tai in Tiburon won't be open for lunch but will serve dinners from 4 p.m.

Dominic's Harbor Restaurant, San Rafael, will serve brunch from 9:30 a.m. to about 2 or 2:30 p.m., then move into dinner service until 10:30 or 11.

King Cotton, San Rafael, will serve breakfast from 6 a.m. to 1 p.m., dinner from noon to 10 p.m.

Newly opened **Great Wall Restaurant** on Jacoby Street, off Francisco Boulevard West, San Rafael, is serving seven days a week and will be open Christmas Day from 11:30 a.m. to 9 p.m.

Le Chalet Basque, Santa Venetia, will skip lunch but serve dinner from 5 to 10 p.m.—same on the following Saturday and Sunday and again over the New Year's weekend.

WHILE FRANCHINI'S CHATEAU will be closed on Christmas, Santa Claus is coming there next week to host the youngsters from 3 p.m. on Sunday and from 6 p.m. Monday through Thursday. Don't tell your tiny tots this, but what goes over real well is the management's practice of getting youngsters' names as you come in. Watch their eyes grow big, when later Santa calls on them individually as if he knew who they were.

HINTS ABOUT REMODELING at **Pandora** in San Anselmo are becoming more pronounced, and it's quite likely you'll see some changes made after the first of the year. Talk is about a new hillside room designed especially for entertainment and dancing, and **Jim Pias** tells me he's considering opening up the view from the dining room so patrons can look out the windows to Mount Tamalpais.

And speaking of entertainment, there's quite a program planned here for New Year's Eve. Make advance reservations. Pandora will be closed on Christmas.

seven days a week, is closing Christmas, but will have a good New Year's Eve program.

NOW PLAYING at **Rancho Rafael,** Ignacio, at the piano bar is **Vivian Grant** — Tuesday through Saturday nights, and with her is drummer **Wally Rueger.** Rancho Rafael is closing Christmas. Festivities on New Year's Eve.

SANTA AND HELPER—These two will be a welcome sight for children who go to Franchini's Chateau next week. Santa Claus will be on hand to talk to youngsters Sunday through Thursday only, but Squeaky, nine-month-old baby deer is already a familiar attraction at the highway restaurant.

CHRIS BOLTON at **Cloud 5,** Novato, has her plans all drawn for the new roof garden and sun deck here — but there hasn't been enough sun to allow work to proceed. Closed Christmas, things doing New Year's Eve.

HERE'S SOMETHING UNUSUAL scheduled for New Year's Eve that should appeal to bowling fans:

Tom Coates, owner of **Greenbrae Lanes,** is working with the **Women's Bowling League** to put on a New Year's party that starts at 8 p.m. and ends at 4 a.m. Price of $25 a couple includes either dinner or breakfast, libations, bowling and dancing.

WE'LL HAVE more for you on New Year's Eve next week, but in checking out **Lin Fa Gardens** in Northgate about Christmas (they're closed that day), **Ethel Barrie** tells me reservations are already coming in for the year's end celebration.

Regular dinners will be closed off at about 8:30 p.m. and life will start at 10 with a full Chinese champagne dinner to midnight, favors and dancing from 10 to 2. Music will be furnished by **Lee Lees** at the Hammond organ, **Bill McCoy** at the Baldwin organ and **Paul Leacox** on drums. Tab for this is $10 per person.

CONNIE'S DRIVE IN, on the Miracle Mile, San Rafael, has been sold by **Juanita and Conrad Reinhardt** to **Albert Buck,** who years ago used to own the old Villa Rafael, and more recently the Rancho Sierra in the mountains.

AT LA PETITE AUBERGE I tried Chef **Roger Poli's** "coquille St. Jacques," a delightful lead-in to a trio of tender lamb chops. **Nino** at the bar has a new concoction he calls a "topless cocktail."

Probably I wouldn't be entirely happy if some things were not the same — people like to hold on to the familiar. It gives them more confidence and security. Still here are **Paul's** gentleness, **Pierre's** wit, **Al Stone's** accordion and 5,001 selections.

Woman Slightly Hurt In Traffic Accident

Viola R. Cooper, 55, of 803 Vendola Drive, Santa Venetia, suffered a bloody nose, but refused medical care, in an accident at 5:50 p.m. yesterday on North San Pedro Road at Meriam Drive, Santa Venetia.

The California Highway Patrol reported her eastbound car struck the rear of an auto driven by Linda Lee Jones, 17, of 201 Mark Twain Avenue, Santa Venetia, as Miss Jones stopped prior to turning left into Meriam Drive.

HOME FOR CHRISTMAS — The William Pomeroys' yacht Nereus came home yesterday to a watery welcome from a fire boat after a cruise around the world. The Golden Gate Bridge is in background. (AP Wirephoto)

Pomeroys Home Again After Trip

After a 40,000-mile voyage around the world during which they visited 41 countries, Mr. and Mrs. William Pomeroy of Sausalito are home again.

It's a little confusing, however, for they are not home in their Sausalito residence at 86 San Carlos Avenue now under lease to New Zealand Consul General and Mrs. M. P. Chapman. They are still on board their 85-foot yacht Nereus but no longer anywhere.

On arrival in San Francisco Bay yesterday the craft moored at the guest float of the St. Francis Yacht Club, and there the Pomeroys propose to stay for at least two or three months, possibly until the Chapman lease terminates next May.

Four or five miles ontside the Golden Gate, the Nereus was met by the yacht Adventuress owned and piloted by Dan London, manager of the St. Francis Hotel in San Francisco.

The welcoming party included Pomeroy's brother-in-law David Plant of Ross, with Mrs. Plant, also Mr. and Mrs. Paul Case of Sausalito, his step-parents.

Peter Plant, son of the David Plants, was a member of the Nereus' crew during the last part of its voyage.

Man Berserk On Jetliner

LOS ANGELES (UPI)—A man went berserk on a jetliner flying from New York to Los Angeles yesterday and had to be subdued by passengers and crewmen, authorities reported.

The man, a Los Angeles resident whose identity was not disclosed, was taken to county general hospital, where doctors said his action was triggered by brooding over a lengthy physical illness. He was not held on a criminal charge.

A spokesman for American Airlines said that at no time was the plane, crew or passengers in danger.

The incident occurred on Flight 7.

Mariner Ordered To Find Guiding Star

PASADENA (AP) —Mariner 4, a successful explorer but a fickle stargazer, has been ordered to find its guiding star —Canopus—and stay with it.

Scientist at Jet Propulsion Laboratory here said Mariner 4, the Mars-bound U.S. spacecraft, followed instructions radioed to it yesterday from a tracking station at Woomera, Australia. It's back on Canopus, they said.

Payment Is Authorized In Flood

SACRAMENTO (UPI) — Payment of 6.3 million dollars has been authorized on claims from victims of the devastating Feather River flood that struck Christmas Eve 1955.

The action was taken yesterday by the State Board of Reclamation following months of negotiations between attorneys for the claimants and deputies of Atty. Gen. Thomas C. Lynch's office.

A spokesman said the money would be budgeted in the general fund and presented to the 1965 legislature for approval. Finance Director Hale Champion said the budget anticipated a large settlement for the flood victims.

The disaster killed 38 persons, ruined nearly 500 homes in the Yuba City area and left in its wake damage estimated at 30 to 40 million dollars.

Boyfriend Is Found For Gibbon

Six-year-old Baby, formerly of Novato and who recently became a resident at the Marin County Humane Society in San Rafael, has a boyfriend named Buttons, a former San Anselman.

Buttons and Baby, lively gibbons, have gotten along nicely since they were introduced a week ago, Mel Morse, executive director of the humane society said.

"We don't know if they will breed in captivity, but we'll have a lot of time to find out because neither of them are available for placement," Morse said.

Buttons, nearly 6 years old, was the pet of a San Anselmo family until it was decided he should have a new home, the director said.

"We are pleased we have the pair here so youngsters can come to see them," Morse continued.

Named To Board

Peter Goldstein of San Anselmo, San Rafael public relations consultant, has been elected to the board of the Marin Mental Health Foundation to fill the unexpired term of Florence Scott.

Before the discovery of America, the aboriginal population of the territory which later became the United States is estimated to have been more than 750,000.

Girl Completes Basic In Navy

Lydna Marie Hauth, daughter of Mr. and Mrs. D. M. Hauth of 144 Mabry Way, San Rafael, has completed 10 week basic recruit training at the Naval training center in Bainbridge, Md.

A graduate of Sir Francis Drake High School, Seaman Apprentice Hauth has been assigned to the Naval air station in Norfolk, Va.

Well, not for *every*body.

You have to be 21 and come over to Sam's in Tiburon to get it.

And, if you find fulfillment in the works of Edgar Guest, Paul Harvey, Daddy Warbucks, Jane Addams, Norman Rockwell, and Henry Doelger... you might prefer to stick with Sam's tried and true Burger & Beer.

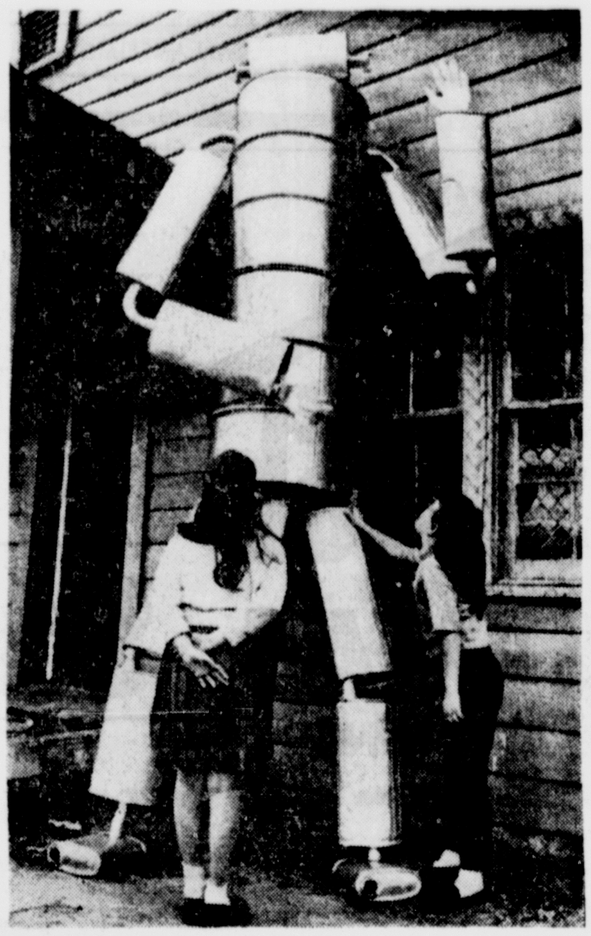
MOON LAB, BUT NO ASTRONAUT

Here's a scale model of a mobile lunar laboratory (above) designed as part of the Apollo space project. The lab was designed by Bendix Corp. at Ann Arbor, Mich., as part of study of how to support two astronauts for two weeks after a moon landing. This would be their mobile home and lab while they collected soil and rock samples and performed experiments. The handicraft (right) of Leonard and Wayne Wilder of Dallas, Tex., however, will never reach the moon. The brothers, owners of a Dallas muffler shop, created their 'robot' from worn out mufflers and a couple of old oil drums. The figure is about 15 feet high and took a couple of hours to build. The Wilder brothers said yesterday their "work of art" is attracting a lot of attention, at least from these two girls. (AP Wirephotos)



Bolinas Pollution Control Outlined

I-J Special Report

OAKLAND — Meetings will start early next year between representatives of the Bolinas Public Utility District Board and staff of Regional Water Pollution Control Board No. 2 here to work out a reasonable time schedule and means of compliance with yesterday's board action on water pollution control in Bolinas Bay.

All sewage discharge is forbidden under the policy decision, it was pointed out today, with the result that the utility district has lost out on its hope of changing the present raw sewage discharge to a treated-sewage discharge.

Alernative methods are expected to be considered either for same form of discharge by land, perhaps involving evaporation ponds or irrigation use, or by pipe stretching to the mouth of the lagoon with discharge discharge allowed on outgoing tides. Against pleas that the alternatives will involve prohibitive costs the board concluded that costs, although greater, won't be impossible.

Decision of the board is expected to safeguard clamming in the bay, as health authorities had taken a strong position against continued use of Bolinas clams for human consumption if any sewage discharge were allowed.

A "cease and desist" order had already been issued against the district's present system but this will be taken care of, presumably, by the scheduled discussion meeting and adoption of some plan on an agreed schedule.

Control board officials are understood to be sympathetic toward the idea of state or Marin County aid on the Bolinas pollution problem, but they have suggested that the district board make direct appeal either to the state assembly or to the Marin County Board of Supervisors.

More time was granted St. Vincent's School for Boys north of San Rafael in its waste disposal improvement plans and it was decided to review the situation at the board's meeting next April 15. Originally the school expected to construct its own treatment facilities but recent land development north of the school has made it likely that both school and the other area will join in tie-in to facilities of Las Gallinas Valley Sanitary District.

A self-monitoring program and sampling and analysis schedule were adopted by the board for Sanitary District No. 6 of Marin County, including Ignacio and Novato treatment plants.

A time schedule for compliance with a self-monitoring program was adopted for the Smith Brother's Dairy in Marin County on the north fork of Gallinas Creek. This schedule is to be reviewed at the April 15 meeting when an engineering report, showing processes to be undertaken, will be brought in.

Ex-Marinite's Film Is Shown

A short film produced by James Lewis, a former Novato resident, was one of 45 chosen for showing last month at the annual International Short Films Festival at Tours, France.

Lewis wrote, directed, filmed and dubbed in music for the movie, entitled "From the Very Beginning," which dealt with pigeons. His film was chosen for showing from among 400 submitted.

Lewis is the son of Mr. and Mrs. Robert E. Lewis, 95 Harbor Drive, Novato. He resides with his wife in Stuttgart, Germany, where he was discharged from the Army a few years ago. He is employed as a cameraman by the South German Television Network and after work produces his own films which he has sold to European television networks.

Meat Strike At An End

LOS ANGELES (AP) — The Southern California meat strike is over.

First butchers to return to work were ordered back on the job at 4 a.m. today—hours after a majority of members of the AFL-CIO Meat Cutters Union locals ratified an agreement reached in contract talks Wednesday.

Locals ratified the new contract late last night.

The new contract was reported to be a three-year accord providing substantial wage increases and fringe benefits.

PHONE FLIPS AND EVERYONE CALLS WOMAN

LOUISVILLE, Ky. (AP)—The phone flipped at Mrs. Hugh Allen's apartment.

Through a quirk in the mechanism somewhere, Mrs. Allen got more than 200 wrong numbers in two days.

Among the parties sought were an airline, paint stores, doctors' offices, a hotel and automobile firms, she said.

"I got real shaky," she said, after the trouble was "pretty much corrected," yesterday.

One caller asked if it wasn't the airline "why do you keep on answering the phone?"

Another caller was a telephone company employee — he was trying to get the public library.

Yorty Sees No Race Against Roosevelt

SAN FRANCISCO (UPI) — Los Angeles Mayor Samuel W. Yorty said here yesterday that he doesn't think Rep. James Roosevelt (D-Calif.), will oppose him in his bid for re-election next year because of legal problems.

Yorty said that in order to enter the race Roosevelt "would have to resign first," meaning his post as U. S. congressman.

Rocket Base Set

PARIS (UPI)—France expects to open a 270,000-acre rocket-launching base in French Guinea by 1968, the National Center for Space Studies said today.

College Football Field Suggested For Novato

Harry J. Pieper, director of physical education at the College of Marin, last night suggested that the college could develop its main football field at Novato, possibly as early as next year.

He said that the college district, when there are two full campuses operating, would not need two separate football fields with full bleacher facilities and lights. One such field would be adequate, as long as practice space can be used at both campuses.

On the other hand, he said, the Kentfield campus is now very short of space, especially for parking. The north campus will have plenty of room.

Trustee Robert E. Rogers wondered if the Novato location would be central enough. Board member Kent O. Seymour said when freeways are completed near Novato, the north campus will be easier to drive to than Kentfield.

Pieper said the master planning for the Novato campus was now far enough along so that the location of the football field could be fixed. He added that the present field is not over-used by the college, since there is time to share it with high schools.

He noted that the high schools in the Tamalpais Union High School District have plans for their own complete football fields, to be completed soon.

Johnson Threat Nets Five Years

RENO (UPI) — A 29-year-old ex-Marine who threatened to kill President Lyndon B. Johnson must serve his five year prison term.

U.S. District Judge Bruce Thompson yesterday reaffirmed the jail sentence for Michael V. Cramer. The sentence had originally been imposed last May, but execution of it was held up while Cramer underwent psychiatric treatment.

Cramer, a former New Jersey title examiner who became a transient, mailed a letter threatening Johnson's life from here March 12.

Four Flying Boxcars Sent To Airlift Hay

The 349th Troop Carrier Wing with headquarters at Hamilton Air Force Base, received an urgent call this morning to send four C-119, Flying Boxcars to airlift hay to 10,000 starving snowbound cattle in Montana.

One plane was sent from Hamilton, one from Sacramento, one from Portland and one from Paine Air Force Base, Spokane. They will operate out of Malmstrom Air Force Base, Butte, Mont., according to officials at Hamilton.

Don Keown, Editor

FEATURED THIS SATURDAY

Tomorrow's pre-Christmas issue of the Marin Magazine features a story on George C. Scott, a Marinite who has grown hundreds of poinsettias, "the flower of Nativity" that came to this country from Mexico and has become a favorite symbol of the Christmas season. The article also tells you about a second holiday interest of Scott—the traditional Christmas seals of the Marin County Tuberculosis and Health Assn. with which he has long been associated.

And also in keeping with the holiday season in tomorrow's weekend supplement will be a special portfolio of pictures by Independent-Journal photographer Jim Kean. Kean has taken his cameras into several communities in the county to capture scenes, both daytime and night, of Marin in her Christmas "dress." The tinsel, colored lights and smiling faces of children all go together in making the yule holidays the happy occasion that they are in Marin.

WITH YOUTH IN MIND

There are several children in underprivileged families in Marin who will have a happy Christmas this year because of this workshop project started by San Rafael Senior Citizens recently. Working in the year-round shop at the San Rafael Recreation Center are (from left) William O. Stitzman, Jess Mason and Ed Furguson. The old toys are gathered from several sources and distributed with the help of a local service group after they have been repaired. The San Rafael Kiwanis Club donated tools for the workshop. Boy Spends His Vacation In School

Claudio Urritia, a 17-year-old visitor from El Salvador, has returned home after spending part of his Chrismas vacation attending classes at Terra Linda High School.

Urritia left Tuesday for San Salvador after visiting his aunt, Mrs. Jack Elford of 348 Devon Drive, San Rafael, for about a month.

While in Marin, Urritia maintained a regular class schedule at the high school and attended the school Christmas dance and several parties.

He said that one of the reasons he decided to spend vacation time in school was to improve his English.

Urritia started his vacation from school in El Salvador in November and will not have to return to class there until Feb. 1.

Mrs. Elford explained that this is the time of the year for a long school vacation in El Salvador.

Bagley Applies For Chevy Sports Car

Assemblyman William T. Bagley (R-San Rafael) said today he applied for a "sports coupe" but requested no special equipment, in the state Assembly's proposal to buy a fleet of Chevrolet Impalas for use by assemblymen.

At present, the state leases cars for use by legislators, with each legislator allowed up to $150 per month. Those who want luxury cars have to pay the difference, beyond the $150 per month.

This year, however, the Assembly Rules Committee, headed by Assemblyman Thomas Bane (D-North Hollywood) decided it would be less expensive to buy a fleet of cars outright and trade them in each year.

"I got a mimeographed sheet saying that the rules committee had decided to buy Chevrolet Impalas with all power equipment," Assemblyman Bagley explained. "I just assumed the power equipment meant normal automatic controls. I applied for a sports coupe. That's the extent of my knowledge of the choices."

Can an assemblyman put in a request for super sports coupes, loaded down with extras like AM-FM push button radio, stereo, and rear antenna?

"If this is true, I didn't know about it," said Assemblyman Bagley. "I requested no special equipment."

A spokesman for the Assembly Rules Committee said yesterday in Sacramento that the new fleet purchase plan would save between $50,000 and $75,000 a year. He added that purchase of a popular model like the Chevrolet also meant a savings, because they have a high re-sale value when traded in after a year's use.

Explorers Hall in the National Geographic Society's new headquarters in Washington contains the world's largest unmounted globe. The sphere weighs about a thousand pounds; it measures 11 feet from pole to pole and 34 feet around the equator. The globe rotates on a spindle that can be lowered by remote control so that the globe can be manipulated on a cradle formed by eight wheels.

Larkspur Students To Get Buses Again

Larkspur School District students will again ride to school in buses next semester, the school board decided last night by a 3-2 vote.

The board told Supt. Milton S. Cohen to prepare routes and schedules and call for bids from bus transportation companies for the service. Trustees Pauline Secor and Jack L. Mengel opposed the move, asking for more time for study.

Board chairman John W. Boyd, who broke the tie with his vote, said that the safety of the children was paramount, and noted that the district now has enough money to be able to afford the buses.

Bus service was stopped June, 1963.

But, he warned, if the financial situation becomes tight again, buses will be cut before the instructional program is curtailed.

Cohen, in his administrative recommendation, said the buses should be reinstated. He added that buses are also needed for the instructional program itself, since some children must be transferred between schools for certain programs, such as the band.

Cohen said the cost for the spring semester would be about $7,000, of which about $1,000 would come from the state and the rest from district unallocated reserves.

The board also approved the working drawings for new classrooms at San Clemente and Henry C. Hall schools, ordering that they be sent to the State Department of Architecture for approval. The rooms are expected to be completed in time for classes next fall.

The Larkspur School District board also:

1. Approved a master teaching agreement for use of student intern teachers.

2. Approved rental of one classroom to the county schools office for $1,200 a year for special education classes.

3. Agreed to increase the hours of the library clerk from the present three to five a day, to help in cataloging new library books.

Sanitary Boundary Line Is Discussed

Preliminary discussion was held at a meeting of the San Rafael Sanitary District board yesterday on changes in the present arbitrary boundary with Sanitary District No. 1 in order to follow a ridge-top and reach conformity with natural lines of drainage.

Directors of the other district are working along similar lines and agreement on constructive changes is expected within the next two months.

No Session

The Larkspur-Corte Madera Joint Recreation Commission meeting set for last night was cancelled for lack of a quorum.

Man Freed In Teen Beer Party

ARLINGTON, Va. (AP) — A stockbroker whose home was used for a teen-age beer party was freed yesterday of a charge of contributing to the delinquency of a minor.

The charge against Gordon Fowler, 51, was dismissed by Juvenile Court Judge Thomas W. Dodge, who ruled that Fowler "was aware of the drinking only after the police arrived."

The charge was filed by county police, who said the yard was littered with beer cans and many of the guests, including juveniles, were drinking.

2-Year-Old Girl Is Found Dead Of Strangulation

A 2-year-old Salt Lake City girl died of strangulation today in her grandparents' Santa Venetia home after she tried to crawl out of bed through a small space between the mattress and a board keeping her from falling out of the bed.

The child, Cynthia K. Loessberg, daughter of Yeoman 2/c and Mrs. Cameron Loessberg of Salt Lake City, was found lifeless by her 5-year-old brother at 7 a.m. today, Asst. Coroner William C. Bradley reported.

The child's neck was between the crib board and the mattress, Bradley said.

The baby was rushed to San Rafael General Hospital by ambulance but was pronounced dead on arrival, Bradley said.

The Loessbergs had been in Marin County three weeks, visiting the children's grandparents, Mr. and Mrs. Don E. Zubler of 6 Linda Avenue, Santa Venetia, for the Christmas holidays. They were staying in the guest house behind the Zubler residence.

Cynthia and her brothers, Cameron Jr., 5, and Clifton Dean, 3, were put to bed at 8 p.m. last night and were sleeping soundly at 2 a.m. when their parents went to bed, Mrs. Loessberg, a native of San Rafael, told Bradley.

The assistant coroner estimated the girl had been dead for three hours before she was found. Autopsy was scheduled today at Harry M. Williams Mortuary, San Rafael.

Two Sanitary Jobs Completed

The Novato Sanitary District board last night accepted completion of two major projects, totaling $218,948, at its regular meeting in the district office.

The first of these projects was the $200,000 plant expansion at the Novato disposal plant, according to Albert Tresch, secretary to the board.

The board also accepted the $18,948 Tamalpais Avenue interceptor sewer as completed.

The liability insurance for the district was renewed with Pacific Indemnity Insurance Co. for $1,425 for the coming year.

The board endorsed the request for a $75,000 appropriation from congress for a flood control study of Novato Creek.

College Auditorium Plan Changes Sought

Marin Junior College District trustees sat in sample chairs and looked at swatches of colored cloth last night as they considered slightly revised plans for the auditorium of the proposed music-speech-drama building on the Kentfield campus.

They asked for sturdier chairs, but agreed with David Sokol of the architectural firm of Falk and Booth, that the seats and curtain in the 600-seat auditorium should be a dark blue.

The architects also showed a change in plans for the main lobby, removing pillars so that more open space would be available for use as an art gallery.

The board then approved drawing up the plans with three alternates, the auditorium seating, the hydraulic lift stage and the stage framing and rigging.

In the case of the seating, architect Corwin Booth said that this item could be bid separately if the original contractor asked too much. The estimate on the total construction cost without the alternates is $1,815,200, he said.

In addition, the seating cost was estimated at $22,750, the hydraulic platform at $25,000 and the stage sets at $42,000.

The board approved, in principle, a work training program using 10 per cent local funds and 90 per cent federal funds for 98 on-campus jobs for students. The federal money would come from the funds appropriated in the Economic Opportunities Act.

Board chairman Robert E. Oliver commented that each job should be justified as needed by the college before it is approved.

He said that he was not in favor of spending federal money unnecessarily any more than he was with local money.

William J. Collins, vocational education coordinator, said the jobs would be divided into technical, laboratory assistant and clerk-grader posts, and would be paid at the going student work rate.

The Marin Junior College District board also:

1. Approved purchase of the second section of the North Marin campus for $145,000.
2. Held up action on a proposed cooperative data processing center because a feasibility report by the county schools office had been delayed a week.
3. Purchased two portable classrooms from Speed Space Corp., Santa Rosa, lowest of three bidders, for $21,540. The rooms will be used for the vocational education program.
4. Approved "Latin for the Layman" and "Plant Life of Marin County" as new adult education courses, and then approved a list of non-credit courses and teachers for next year.
5. Agreed to allow the gymnasium to be used by the Marin Visitors' Bureau on April 29 for coronation of the queen for "May in Marin," for $200.
6. Received an enrollment estimate that there would be 2,300 students at the Kentfield campus next year.

Trustees Joseph D. Gargiulo and Elizabeth M. Deedy were absent.

Architect List Is Cut In Half

Mill Valley School District trustees last night cut in half the field of 14 applicants for a consulting architect to assist the board in a classroom needs study.

It then set Jan. 5 and 12 at 8 p.m. for actual interviews with the architects.

"I'm hopeful the board can make its choice of architects at its Jan. 18 meeting, "G. R. McConnell, district superintendent, said today.

Twenty-four more classrooms are needed in the district, a classroom needs study committee reported to the board Nov. 23.

Dixie School District Lets Multi-Use Room Contract

The Dixie School District board last night awarded a contract for construction of a multi-use room at Santa Margarita School to Clifford D. Francis of Santa Rosa at $80,215.

The board also accepted alternate bids in the amount of $15,065 for site development including playground paving outside walks, parking and equipment.

Trustees accepted completion of Nova Albion School which was constructed by M. Royce Hall of Napa at a cost of $301,853.

Daryl Hopkins, director of special education for the Marin County Schools Office, requested the board to consider locating a school for trainable mentally retarded adjacent to one of the schools in the Dixie district.

The board directed Dist. Supt. Dennie B. Willis to study the possibility and make recommendation at a later meeting.

The Dixie School District board also:

1. Appointed Mrs. Hope Platzek of San Rafael as kindergarten teacher at Don Timoteo School to succeed Mrs. Leona Chartock; Mrs. Benita Indelicato of Novato to succeed Barbara Albertazzi at Bernard Hoffman School; Mrs. Bernice Toccagino of San Francisco to succeed Mrs. Barbara Gowman at Don Timoteo school; Judith Ann Miller of Miller Valley to succeed Mrs. Diane Dougherty at Lucas Valley School; and Mrs. Elizabeth Said of San Rafael to succeed Mrs. Joanne Blaney at Don Timoteo School.
2. Requested Willis to report next month on the work of the administrative staffs of the Dixie and San Rafael districts concerning the problems of unification of the districts.
3. Authorized Willis to purchase $550 worth of equipment for Santa Margarita School, to correct damaged access to Bernard Hoffman School at a cost of $250, to add library shelving at Vallecito School at a cost of $475 and to proceed with development of two turfed fields at Vallecito School under a contract between the district and the City of San Rafael.

Three Wise Men To Ride Horses

The three wise men who will lead a singing procession in Marin City at 3:30 p.m. Sunday will be riding on horses from San Geronimo.

Harold Hart, San Geronimo rancher, is loaning the horses and will ride as one wise man. The other wise men will be members of the Lowell Hendrickson family, also of San Geronimo Valley. The Tamalpais High School Marching Band will accompany the procession, according to Rev. James E. Symon, pastor of the sponsoring church, St. Andrew Presbyterian.

'Sammy' Sets Record At New York Theater

NEW YORK (AP) — "What Makes Sammy Run?" has set a longevity record at the 36-year-old 54th Street Theater.

The musical starring Steve Lawrence opened Feb. 27, and has gone past the 228-performance mark set by "No Strings." The most successful show ever to occupy the 54th Street, "On the Town," moved to another theater midway in its run of 462 performances.

No Clues Found In Theft At Dinery

Corte Madera Police Inspector Harold N. Hockett said today that he could find no usable fingerprints as clues in the theft of more than $2,500 in cash and $400 in checks from the office of Bob's of Marin Wednesday.

He said he spent the day talking with restaurant employees but had so far found no suspect. The money, in a canvas Bank of America deposit bag, was removed from a shelf in the office during the lunch hour while the manager was called away from the room for about an hour.

YULE CARD PRANK—More than 12,000 Christmas cards picturing a drawing of the Georgia governor's mansion were sent out before it was discovered the name "Goldwater" had been added. This is a portion of that drawing, with arrow pointing to name. (AP Wirephoto)

AND UNINVITED

'Goldwater' Turns Up On Yule Cards

ATLANTA (AP) — Democratic Gov. Carl E. Sanders' Christmas cards were turning into collector's items today as investigators tried to solve the mystery of the name "Goldwater" in tiny letters on the cards.

The governor was miffed, the student who created the etching of the Georgia governor's mansion was puzzled and there was talk of disciplinary action if a culprit could be found.

The "Goldwater" was discovered yesterday etched among tree branches on the front of an estimated 12,000 cards mailed by the staunch Democrat whose state, for the first time, supported a Republican presidential candidate, Sen. Barry M. Goldwater, last November.

Sanders displayed a mixture of amusement and irritation when he discovered what had happened, an aide said.

But the governor emphasized the additional lettering was so small it did not change the intent of the card one bit. "It still says Merry Christmas from the Sanders family to their friends," he pointed out.

The etching was drawn by Ken Williams, a graduate art student at the University of Georgia, who was recommended by the university to do the job.

Williams said flatly that he did not add the Goldwater lettering to the etching but saw it on the plate before he mailed it.

"I didn't know what to do about it, so I didn't do anything," said the student whose home is in Melbourne, Fla.

Lamar Dodd, head of the university's art department, described Williams as an outstanding honor student. "I would like to clear up this mystery, and it is a mystery," said Dodd.

He added that if faith has been broken or if the matter involves a question of integrity, there was a possibility the university's disciplinary committee might look into the situation.

In any case, the governor's Christmas cards are much in demand.

"They might make a killing by selling them to Republicans."

Sausalito Park Policy Suggested

The public toilet policy for city parks is to judge each park situation one by one, the Sausalito Recreation Commission recommended last night to the city council.

The question came to the commission from the city council regarding what to do about the toilet-less Cloud View Park.

Commissioners agreed that the installation of underground facilities should be made now but complete toilet facilities not be installed until the park is completed, commissioner James E. Muldoon said.

Commissioners updated the park and playground master plan, adding Langendorf Park and Harrison Street Playground. They agreed to a Sausalito Lions Club proposal that the club place fill on Harrison Street Playground and the city will complete playground work.

City Mgr. Charles A. Brown reported that the five tennis courts at Richardson Bay School will be surfaced within 60 days, weather permitting.

Empty Auto Rolls Into Garage Door

A parked car rolled out of its own driveway and slammed into a garage across the street yesterday, damaging a station wagon, washing machine, and the garage door and wall, San Rafael police reported.

The runaway car belonged to Ruth Marie Straw, 624 Tanbark Terrace; it paid its unwanted 10 p.m. visit at the home of Chan S. Carpenter at 619 Tanbark Terrace. Police said the damage was minor.

Film Injunction Will Be Appealed

NEW YORK (UPI)—Twentieth Century-Fox films will appeal Justice Henry Clay Greenberg's temporary injunction against showing of the movie "John Goldfarb, Please Come Home," an attorney for the company said today.

The lawyer, Frederick W. Pride, said he had informed the state supreme court justice of intent to appeal. Greenberg turned down Pride's motion that Notre Dame University post a five-million-dollar, bond against possible losses to the company if the injunction is vacated on appeal.

Greenberg ruled yesterday that the four-million-dollar movie, due to open Christmas Day, defamed the good name of Notre Dame University by depicting its football team as "undisciplined gluttons and drunks" cavorting in an Arab king's harem.

Roadster Stolen In Tiburon Recovered

Sausalito Police Sgt. Ted Zink recovered a stolen car early today parked at 29 Princess Street 12 minutes after receiving radio broadcast, while on patrol, of its loss.

The 1962 Austin Healy roadster, found at 3:27 a.m., was reported stolen to the sheriff's office by Barbara A. Helig of 1830 Mar West, Tiburon, having been taken from the Tiburon parking lot.

Wreck Hurts Two Officials Of Hospital

Two officials of Agnew State Hospital were injured, one critically, in a two-car head-on collision last night on Highway 101 near Marinwood. The driver of the other car, also hurt, has been charged with felony drunk driving.

In critical condition at Presbyterian Hospital in San Francisco today was Mrs. Doris Sargentini, 49, of Santa Clara, assistant director of nursing at the state hospital. She suffered two broken legs, severe scalp wounds and chest injuries.

Her husband, driver of the car, Bruno A. Sargentini, 50, is director of nursing at the hospital. He was in satisfactory condition at San Rafael General Hospital today with scrapes and bruises over much of his body.

Booked for drunk driving was Prentice Albert Town, 22, of 1364 Grand Avenue, San Rafael, a dishwasher in a San Rafael restaurant. He was also in satisfactory condition at San Rafael General Hospital with bruises, but was due to undergo X-ray examination for possible fractures.

The California Highway Patrol reported that the accident occurred about 5:20 p.m. when the southbound Town swerved onto the divider strip, for some unknown reason, and then started to head back onto the road pointed north.

Sargentini told patrolmen he was going about 65 miles an hour in the fast lane when suddenly the Town car appeared in front of him.

Theft From Trucks

After scaling a high fence, thieves helped themselves to $19.46 worth of milk, butter and cheese from four unlocked delivery trucks parked in the Lucas Valley Dairy lot at 33 Ida Street, San Rafael police reported today. The theft apparently took place late Wednesday or early yesterday.

Driver Fined $166

William Comer, 35, of 14 Sentinel Court, San Rafael, was fined $166 yesterday in Marin Municipal Court for drunken driving. He was arrested Dec. 11 by San Rafael police on Francisco Boulevard.

School Aide To Soviet Union

Larkspur Supt. Milton S. Cohen will take a four-week trip to Russia, as one of 24 school district superintendents in the country invited by the University of Columbia program on international education.

The school board last night approved his taking the trip, but refused to increase the district budget to help pay for it. Part of the costs will be paid by the American Assn. of School Administrators, Cohen said.

Cohen will leave Larkspur about March 15 for the tour, he said, checking on education techniques and facilities in the Soviet Union.

County Supt. of Schools Virgil S. Hollis will also take the trip.

Christmas Tree Lot Price $1.25

Fernando Clementine said today that "the best tree on our Christmas tree lot is priced at $1.25," not up to $1.75 as erroneously stated in yesterday's Independent-Journal.

He said trees start at 75 cents, not $1 as stated, and that the average is 80 to 90 cents rather than 85 to 90 cents.

Teen-Agers Ski Trip Gets Help

Directors of the Strawberry recreation District Wednesday agreed to guarantee up to $75 to aid in financing a ski trip by the teen club.

Club members are selling Christmas decorations to pay for the trip Jan. 22-24 to Soda Springs.

Directors meeting at Strawberry Point School agreed to consider any suggestion from the Strawberry Swim Club on possible changes in the lease of the swimming pool, Mrs. Patricia Gowen, board secretary, reported.

Arthur R. Senter and C. G. Bush were absent from the meeting.

Court Gives Stay On Phone Refund

SAN FRANCISCO (AP) — The California Supreme Court granted today Pacific Telephone Company's request for a review of the 80-million-dollar refund ordered by the State Public Utilities Commission.

The company asked the court to set aside the PUC order cutting the phone company's rates by 40.7 million dollars a year.

The PUC's 4-2 decision ordered the rate reduction retroactive to July, 1962. This would require Pacific Telephone to refund 80 million dollars to customers.

Burglary Case Goes To Juvenile Court

Judge Leonard A. Thomas Wednesday transferred a case of burglary against an 18-year-old Loma Verde youth from Marin Municipal Court to Marin Juvenile Court.

The youth, Jack Edward Mitchell, of 1140 Calla Paseo, was arrested Tuesday night by San Rafael Police and charged with burglary in the theft of $200 worth of tools from the San Rafael High School auto shop.

Spinster Leaves $2-Million Estate

CHAMBERSBURG, Pa. (AP) — When Jennie W. Elden, a 78-year-old spinster, was killed in an automobile accident six weeks ago, friends were aware she possessed a sizable estate.

But they were surprised when officials revealed her estate is worth two million dollars, with $350,000 of it found in drawers, on shelves and in assorted hiding places throughout the 10-room house at Mount Alto where she had lived alone since 1960.

Attorney John W. Keller, estate administrator, said yesterday that federal and state inheritance taxes would take a considerable bite of the estate. The balance will be divided among cousins of the deceased. She left no will.

Small Savings, But It's Step In Right Direction

In past years, the state division of forestry went to the trouble of cutting little Christmas trees in Shasta County and hauling them to Sacramento for use in some 300 offices of the state Capitol.

This year, that practice is being discontinued. Each office will have to furnish its own tree.

This is just a small news item out of Sacramento, but we feel it carries an important principle.

Each year, as the population grows, government on all levels keeps crying for more funds which means more taxes. They talk about the need for more taxes despite a budget that has been "cut to the bone."

We agree that this new policy on Christmas trees represents just a minute saving in the cost of running a state. But the idea, whose ever it was, of cutting out non-essential cost, is a commendable one.

Call it penny-pinching if you want. But if enough people in enough government agencies make it their concern to keep costs down on all levels, the total effort could eventually redound to the benefit of individual taxpayers who pay through the nose.

It's always popular to promise an "austerity" budget, with everything cut to the bone.

But when government gets right down to cutting off excess fat, it often finds little or nothing to lop off.

Therefore, whenever a government or any of its departments does find an excess cost that can be eliminated, no matter how small the saving, we have reason to laud.

F. H. Raymond, chief of the division of forestry, pointed out that there was too much difficulty and cost in selecting, cutting, storing and hauling the trees. Hereafter, the various offices are expected to purchase their trees through normal channels, from local lots.

As we said before, this one item is a small one. But the trend is in the right direction. Let's hope more public officials join the trend, from the national to the local level.

We're Dreaming Of A Green Christmas

No, we're not dreaming of a white Christmas. We had a stomachful of snow and slush and ice when we were young and tender and lived in the Mountain States. Snow is beautiful, but heavy to shovel off the sidewalks.

The worst thing about it, though, is that it soon degenerates into slush. That dirty, ugly, muddy mixture of part ice and part water which spoils your shoes and makes chilling icepacks of your socks. Then at night it freezes, making an ice-rink of streets and sidewalks, ever ready to throw down the unwary.

We're dreaming of a green Christmas—Marin style, with or without rain. Where the grass and flowers and holly and mistletoe make it truly a season to be joyful.

MARIN POLITICAL VIEWS

It's Time For 'Musical Benches' Again As Judge Sims Elevated

By WAT TAKESHITA

IT'S TIME AGAIN for musical chairs (or should we say musical benches) in the Marin County courthouse judicial posts.

Judge Richard M. Sims Jr. is being elevated to District Court of Appeals in San Francisco.

TAKESHITA

This creates a vacancy on the Marin Superior Court bench. The logical way to fill that post is by elevating one of the three municipal court judges, which would then open up a post on the municipal bench.

WHEN MARIN'S fourth Superior Court was created earlier this year, the governor bypassed the municipal judges in selecting attorney Samuel W. Gardiner to become superior judge.

The consensus seems to be that this time the governor will pick one of the municipal judges to succeed Judge Sims on the Superior Court bench. By seniority, that would mean Judge Harold J. Haley has the best chance of moving up to Superior Court.

As to who will then be picked for the Municipal Court opening is anybody's guess. Once again, there's talk of younger lawyers like Peter Allen Smith, Alvin Goldstein and others being considered for judgeship.

LOOKS AS IF Marin is going to lose one of the state's top Democratic campaign strategists.

Don L. Bradley of Ross, who engineered Brown's campaign for governor and helped direct the state's campaign for reelection of President Lyndon B. Johnson, is reported moving to Los Angeles.

Apparently, they need Bradley's talents in the south, where most of the state's votes are located.

This means that Bradley's attractive and talented (you should have seen her as fashion model) wife, Sue, will be leaving Marin, too.

Hope it will be just a short trip, and that they'll eventually come "home" again.

SOME OF THE groups which fought Proposition 14 are still active.

The Marin Committee for Fair Play, for example, is circulating a covenant which citizens can sign voluntarily. The volunteer signer states he will not discriminate in the sale, lease or rent of his property.

The committee is holding a membership drive now.

Members of the fair play committee figure this signature drive is in line with what the "Yes on 14" people have been urging — voluntary nondiscrimination in housing rather than "forced" non-discrimination through the Rumford Act.

ED CAPPS of Capital News Service in Sacramento reports that the new state phone directory was prepared under the direction of Robert L. Harkness, director of the department of general services. It's all fine and dandy, says Capps, but whose name is left out of the white section? None other than Robert L. Harkness.

REMEMBER WHEN?

10 YEARS AGO

The first reading of an ordinance to zone 263 acres of newly annexed lands was held by Larkspur City Council. The 180-acre area bounded by Sir Francis Drake Boulevard and Highway 101, east of previously-developed Greenbrae homes, was to be in single-family dwellings, as were 70 acres on Corte Madera Creek bordering the new channel cut near Bon Air Supermarket.

20 YEARS AGO

Harold R. Haswell of Corte Madera was the only Marin County man to pass the 1944 State Bar examinations.

The Civil Aeronautics Administration omnibus bill before Congress did not include the Greenbrae site, and Planning Technician Mary Gilkey reported no "definite assurance" that it will be "Greenbrae for Marin" as far as airports go. Listed in the bill was a $212,000 recreational airport for Point Reyes.

WHAT OUR READERS SAY

Marincello City Plan Is Deplored

Editor, Independent-Journal:

I share Mr. Leo Souza's concern over the proposed Marincello development (I-J Letters to Editor, "Marincello Called Colossal Tragedy"). This project seems to me to be the ultimate in the despoilation of the forever irreplaceable character of Marin County. That eastern financial combines should be permitted to come into Marin and erect complexes of buildings contrary to our zoning laws and in violation of the esthetic concepts of our county is inconceivable.

Acre by acre we fill the bay; the first high rise is okayed by the Larkspur City Council (and against the recommendation of their own Planning Commission); our hillsides are garishly scarred to permit building of masses of boxlike apartments (take a good look at those on Pelican and Tiburon Hills)—and all to make a buck for all manner of financial investors and developers. At what point on the balance scale does the preservation of the very essence of Marin begin to outweigh the interests of these people? Obviously Marin must grow, but just as obviously it must be planned and controlled growth. Imagination and inspiration are needed too, toward the end that this growth preserves and, where possible, even enhances our natural heritage of hills, timberlands, meadows and waterways.

Another factor—how about getting all of the thousands of new Marincellites across the bridge? Of course, this raises a problem we face today with no answer in sight. The addition of the commuting population contemplated by the Frouge Company would be disaster. Frouge Company can not be expected to furnish the additional transit needed for their residents—it is not their problem, but it is Marin's, and must be reckoned with when considering the Marincello development.

I say that Frouge Company should be permitted to build only by complying with our existing zoning laws, and any others that may be found necessary to preserve the essential character of Marin living. Our laws should not be changed to accommodate this project when by so doing we destroy the very values—tangible and intangible—that lead you and me to select this county for our homes.

If building to such laws does not permit sufficient returns to the Frouge Company on their investment, well, then let them build elsewhere.

Writer Is Proud Of Prop. 14 Vote

Editor, Independent Journal:

Regarding Mrs. Klain's letter of Dec. 14, I would like to say that I voted yes on Proposition 14, and that far from feeling guilty about it, I am very proud of it.

The Rumford Act was not designed to help the lot of anyone, whatever his ethnic background. On the contrary, its purpose was to deprive all of us of some of our precious freedoms.

First, this law sought to regulate our private lives. All we have to do is remember the restrictions on the liberties of all the poor people living behind the iron curtain to get a glimpse of what this could lead to.

Second, this law sought to deprive us of a trial by jury. It was to be administered by a "committee." If a law can be passed that is administered by a "committee," one can be passed that will be administered by an individual.

If one such law as this can be passed, there is no end to the passing of such laws. It is impossible for the average American mind to comprehend what this would mean. Let us hope that enough Americans are perceptive enough so that this cannot ever happen to us.

Is MacArthur Really McCarthy?

Editor, Independent-Journal:

After reading Henry C. MacArthur's editorial on the Berkeley situation one is inclined to read his last name as McCarthy. Seldom in recent months have I seen the old guilt-by-association dodge used so blatantly....

Nowhere in his diatribe does he come to grips with the issues involved. For example—Can a University threaten to take action against a student on the basis that someone in the administration thinks the student may have committed an unlawful act? Apparently Juvenal's question—who will watch the watchers — doesn't bother him.

Mr. MacArthur asks ". . . why are non-students permitted on the campus when they have no business there in the first place?" Non-students, of course, include Mr. MacArthur, and I trust he will keep his distance physically if not verbally....

The singing of "We Shall Overcome" is equated with "disbursement of subversive propaganda." This song is an old spiritual expressing the belief that God will see his suffering children through the bad times. Utilizing Mr. MacArthur's guilt - by - association logic, are we to assume God has now been recruited by the arch-fiend, Mario Savio? . . .

I think Walt Kelly's Pogo has the answer for Mr. MacArthur and for those who fear for stability crying anarchy.

Waldo: "Heighly, Little Awry, what you up to?

Little Awry: Heighly, Waldo, I'm just a-settin mindin my own business . . . Yep, I'm a-settin payin nothin no-mind an bein as good as good can be . . .

Waldo: Man! One can be awful good when one don't do nothin, can't one?"

Five Court Decisions Stand Out As Civil Rights Landmarks

WASHINGTON (AP)—In all its history five decisions of the Supreme Court stand out as the great landmarks in its handling of civil rights. The last one came this week.

THESE DECISIONS have been spread out over more than a century. In the course of it the court completely reversed itself, which in turn is a reflection of the change in attitude in this country toward Negroes.

1. The Dred Scott decision of 1857. It said slaves and their descendants were not U.S. citizens.

2. The 1883 decision which said it was constitutionally all right for owners of places of public accommodation, like hotels or inns, to discriminate against Negroes. This, of course, included refusing to serve them.

3. The 1896 decision, with its tremendous impact on American life and history for more than half a century. This said it was constitutional to segregate Negroes from whites so long as they get equal treatment.

4. The 1954 decision banning public school segregation. This completely reversed the 1896 decision and opened the doors of American life to Negroes by declaring segregation by its very nature was unconstitutional.

5. The decision Monday. This said hotels or motels or other places of public accommodation—if they are involved in interstate commerce—cannot refuse to serve Negroes because they're Negroes. This threw out the decision of 1883.

THIS IS A BRIEF history of the five cases:

Slavery was already a sore subject by 1820 when Congress, admitting Missouri as a state, permitted slavery there but banned it north of a boundary then established. Dred Scott, a Negro, had been a slave in Missouri but later was taken to live in the free states of Illinois and Wisconsin. He was later returned to Missouri and held as a slave. He argued that his residence in the free states of Illinois and Wisconsin should have made him free. The high court not only ruled against him but said a slave and his descendants were not citizens and had no rights in federal courts.

Next—to protect Negroes newly freed from slavery in 1868 the 14th Amendment to the Constitution was adopted, guaranteeing everyone equal treatment.

IN 1875, TO spell out further what equal treatment meant, Congress passed a law forbidding discrimination against Negroes in places of public accommodation, like inns or hotels. But Negroes were discriminated against.

They went to the court with five suits. The court turned them down with this reasoning: That the 14th Amendment only prohibited discrimination under state law or orders and did not apply otherwise to individual hotel-keepers who were thus left free to discriminate as they pleased. That was in 1883.

Next—the 1883 ruling paved the way for a more sweeping one in 1896. Then the court said it was constitutional to keep Negroes segregated from whites provided they were given equal treatment.

NEXT—IN 1954, under the new Chief Justice Earl Warren, the court unanimously ruled out segregation in public schools in an opinion which totally reversed the 1896 decision by saying segregation meant inequality and was therefore unconstitutional.

As a follow-up to the 1954 decision, Congress in 1957, for the first time in this century, passed a civil rights act to protect Negroes, and another in 1960.

Both were pretty limited, hardly more than beginnings. Then this past summer Congress passed the Civil Rights Act of 1964. This was far-reaching, and particularly, a section which prohibited discrimination in places of public accommodation that were involved in interstate commerce.

THIS, IN EFFECT, revived that old act of 1875.

Next—on Monday the court upheld the constitutionality of this section—thus throwing the 1883 decision out the window. It based its opinion not on the 14th Amendment, as the court in 1883 did, but on the commerce clause of the Constitution which gives the government the power to regulate interstate commerce.

INSIDE WASHINGTON

U.S., Russ Working For More Business

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON — U.S. businessmen are being encouraged to make visits to Moscow to work out trade deals with the new Soviet leaders despite their growing anti-American policies.

With the full cooperation and support of the Johnson and Kosygin administrations, Business International, Inc. (BII), a New York-Geneva based research and publishing firm, is arranging these trips to promote a "new era" in U.S.-Soviet trade relations.

MORE THAN 200 U.S. businessmen have made the journey to Moscow since the November election, either individually or in carefully organized and supervised groups.

A few U.S. firms, with a big assist from the State and Commerce departments, are sending representatives for extended stays of one to three months.

These businessmen plan to explore the possibility of setting up semi-permanent offices in Moscow to get in on the ground floor with Russian officials and learn more of their mysterious ways of doing business.

TO WHET THE appetites of these and other business leaders, a 92-page "briefing paper," prepared from information furnished by U.S. and Russian government sources, is being circulated by BII among directors and officials of the largest U.S. corporations, especially those with subsidiaries in Europe.

Titled "Business International Moscow Roundtable," the slick-covered document covers the waterfront, from advising U.S. business on how to proceed in Moscow to providing an economic analysis of Soviet trade and credits, stating:

"Active firms usually dispatch executives to Moscow to improve communications with the Foreign Trade Organization officials who handle the actual purchase of foreign goods in Russia (e.g., Kaiser Industries, Union Carbide, Pfizer, National Steel, Westinghouse, General Electric, Blaw-Knox).

"U.S. FIRMS often choose to send representatives from their European subsidiaries or branches. Some firms are sending executives to Moscow for an extended stay of one to three months (Imperial Chemical Industries, Montecatini, Dalmine, Asahi). Others are setting up a quasi-permanent office in a Moscow hotel; while others are using the services of an established agent, such as Intertex or Novasider.

"While a personal visit to Moscow is recommended, U.S. manufacturers should be forewarned that unless thoroughly prepared and carefully planned, such visits can be frustrating and disappointing."

Not all government officials are happy about the new drive to expand trade with the Soviet Union.

While Secretary of State Dean Rusk and former Commerce Secretary Luther H. Hodges actively encouraged the businessmen, CIA Director John McCone has been unsuccessfully fighting it.

In a series of reports to the White House, McCone has warned that the trade drive is playing right into the new Soviet leaders' hands.

Not only do they need U.S. machinery to prop up their sagging economy, contends the CIA head, but the Russians are seeking to crack the U.S. ban on strategic goods by offering U.S. companies large orders if they will make their materials in firms outside the U.S.

Teen Girls Are Taking Over —Exactly Like Their Mothers

WASHINGTON — Teen-ageologists, the experts who spend their time studying the habits and mores of teen-agers, have just come up with some more frightening information.

It appears the female of the species is taking over more and more as the head of the tribe, and teen-age-ism is fast developing into a matriarchy.

A RECENT STUDY by Lester Rand of the Youth Research Institute of New York reveals that the female teenager is slowly getting control of the purse strings of the teen-age male. Rand's survey revealed that teen-age boys were turning over their allowances and earnings to their "steady" girls. Teen-age girls seem to have convinced their boy friends they can manage their money better and make it go farther.

"I have discovered," Rand said, "that some teen-agers even have joint bank accounts."

Rand also discovered that teen-age girls were putting their boy friends on budgets and deciding what they should buy in the way of clothes as well as luxuries.

"IN MANY CASES," Rand said, "the girls badger their boy friends into demanding larger allowances and wage increases. Girls also seem to hound unemployed lads into getting jobs so they can have more spending money."

The survey revealed that male taste in clothes, haircuts, and even automobiles was being dictated by the female teen-ager.

"I don't know why; perhaps it's parental influence," Rand said. "But the female teen-ager is in the saddle."

THE EXTENT OF the influence can be sadly dramatized by what one youth told Rand in Boston. "My girl wants me to be asleep by 11 and, since she lives next door, she checks my bedroom light to see if it is off."

The teen-age girl also plays an important role in deciding the education of her boy friend. One boy revealed he wanted to go to Tufts, but his girl wanted him to go to Boston College, her father's school, so that is where he is going.

Rand also discovered that teen-age girls actually select careers for their boy friends. One youth, who was on his way to becoming an accountant, changed over to law when his steady informed him she would never marry an accountant. Unfortunately, in this case, after he started law school, she got engaged to someone else.

THE REPORT ALSO revealed that teen-age young ladies make the decisions on what films their boy friends will see, what records they will hear, and what television programs they will watch.

The so-called "teen-age market," which is said to be worth billions of dollars, is controlled almost entirely by the female, just as the grown-up market is controlled by her mother.

What does this all mean? Rand says that teen-age boys are much more lonely and insecure than teen-age girls. They submit to all the indignities because they can't resist female flattery, and they're suckers for anyone who listens to their troubles.

It's almost impossible for a teen-age boy to resist a girl who pretends she has his best interests at heart.

THE TRAGEDY IS that, at the very moment teen-age boys are fighting to break away from parental control, they are meekly handing their hard-won victories over to their girl friends.

Rand concludes: "The American husband of the future gives every indication of becoming completely housebroken. Most of the spadework is being done now."

I-J REPORTER'S NOTEBOOK

By FRANK FARRARA

There's No Doubt As To Who Is In Charge At Civic Center

THERE SHOULD not be any doubt around the Civic Center, or any county office, about who is in charge.

County supervisors recently made it clear that the county administrator is top man when they passed an ordinance strengthening the position.

This is regarded as a significant change since the time a few years back when the board adopted an ordinance to abolish the job.

Supervisor Byron W. Leydecker said the change will be dramatic if the administrator has the support of the board.

"THE EFFECT OF the ordinance depends on the kind of support the county administrator gets from the board," he said.

The object of the ordinance is to strengthen the authority of the board itself by providing its executive agent with the tools to carry out the work of the board.

The ordinance, which becomes effective Dec. 24, states that the administrator, as an agent of the board:

"SHALL ADMINISTER, supervise, direct and control the administration of all county offices, departments and institutions, elective or appointive, in such matters that are the concern and responsibility of the board of supervisors."

In a letter to several Marin organizations County Administrator Alan Bruce described it as the strongest administrative ordinance, short of a charter county, in the state.

"Therefore, it may permit accomplishment of much that could be done with a charter," Bruce said.

HE ALSO NOTED that the "board of supervisors adopted the ordinance voluntarily, carrying out a previously expressed interest, not under grand jury or any other prodding."

Bruce said the approach of the board represents "a rather dramatic change" that the people of the county should be aware of.

In effect, he said the ordinance "clearly spells out" some of the practices that have been in operation for the past few years and "eliminates the gray areas."

TAKING THE JOB of county administrator from the edge of oblivion to the top of the heap is no doubt "dramatic," but the board hasn't gone too far.

One of the sections of the ordinance states: "Nothing herein shall be construed to delegate to the county administrator any authority or duty required to be performed by the board of supervisors."

This should calm any fears that the county administrator might pass an ordinance to abolish the board of supervisors.

New Year Promises More Jobs, Money For Spending

By SAM DAWSON

NEW YORK (AP) — The new year promises more jobs and more money to spend for goods and services that will be priced only moderately higher.

Here's the 1965 outlook for your job, pay, and taxes, and for the cost of food, clothing, shelter, cars, appliances and services:

JOBS—Will increase in number but school dropouts will keep jobless ranks large.

Prosperity assures more jobs and a growing population will demand more goods and services. Retraining programs will help some of the unemployment lists, just as automation will displace still others now employed. The labor force will be growing faster next year and school dropouts will be even more of a problem. Changes in defense programs and spending will add jobs in some communities and lop them off in others.

PERSONAL INCOMES—Will go on rising, even if the pace slackens.

Higher wage scales obtained this year and in prospect for next will assure more spendable cash for many Americans. Higher interest rates will add to incomes of savers. Pensions and similar transfer payments have risen from 33.6 billion dollars in 1961 to 38 billion dollars in 1964. Stockowners are collecting five billion dollars more in dividends than four years ago, but rental income stays fairly stable. The total of personal income, which was 417 billion dollars in 1961 should rise above 500 billion dollars in 1965.

LIVING COSTS—Will be under greater pressure to rise faster.

Since 1960 the costs of goods and services has grown at an average rate of 1.2 per cent a year, and the government's index stands near 109 per cent of the 1957-59 average as 1965 starts. A further rise is taken for granted, but the pace may quicken because production costs are going up, and as excess industrial capacity shrinks, the better the chance of making price increases stick. With much of the costs now built into the economy, the trick is to keep personal incomes raising even faster.

FOOD — Abundant supplies should hold prices to seasonal pattern of changes.

But Americans will spend about two billion dollars more in 1965 than in the previous year. The food industry is counting on servicing more customers and many of them with more to spend for higher quality. Farm prices have dropped but distribution costs keep retail prices high and the total bill may be around 84 billion dollars. The unpredictable weather can affect prices of specific crops.

CLOTHING — Price tending higher.

There is more pressure for moderate price increases in 1965 than in the recent past. Workers from the textile mills to the garment centers have been getting wage increases. Consumer demand is firmer and price boosts meet less resistance.

HOUSES — Another building boom could start before 1965 ends.

But the slower pace that developed in 1964 seems likely to hold through most of the new year with a stronger demand still in the future. About 26 billion dollars is expected to be spent for new housing in 1965, the same as in 1964. Plenty of mortgage money should be available with rates about the same as in 1964. Building costs also should hold fairly steady.

APPLIANCES—Improvements may tempt more replacement buyers.

The industry reports sales in 1964 were up 7 per cent over the previous year and looks for at least another 5 per cent gain in 1965. New families coming into the market will be a big help. So will fatter personal incomes.

AUTOS—How long the price line will be held is the big question.

Labor costs have just gone up sharply, but the industry currently is absorbing the rise because its production efficiency has increased more than the average for all industries. If sales continue to boom, profits can be maintained. If sales falter, the rising costs could bite hard. Automakers are counting on selling at least eight million cars in 1965. The sales record should also guarantee as high or higher profits. But if costs of materials, such as steels, go up, so may car prices later in the year.

SERVICES—The rise in costs will slow but you'll be using more.

And so the percentage of consumer spending going for services will continue to rise, though not as fast as in recent years. Tax cuts may lower some utility rates, but the companies are promoting more ways to use more of their fuels or power.

RECREATION—You'll spend more of your income for this, especially travel.

Spectators sports are drawing better crowds, but participant sports are growing still faster. And the sale of equipment, whether skis or motorboats, is increasing. More people are getting longer vacations and taking more expensive trips.

TAXES—What Uncle Sam giveth, state and local collectors taketh away.

Federal income tax rates will drop another notch in 1965. Congress seems likely to cut the total that citizens pay in various sales and excise taxes, and if Treasury collections stay healthy, Congress might even cut income taxes some more. But expenses of state and local governments are rising fast and many are searching for more revenue. The taxpayer rarely wins.

ADD IT UP—The first half of 1965 looks like a shinier version of 1964.

The consumer should be better off, and so should business. Just how much better will determine how the second half of the new year shapes up. If economic growth continues strong, its very momentum will prolong good times for many months.

More Cars, Parts

ST. LOUIS (UPI) — The more cars America produces, the more parts these autos require. The Carter Carburetor Division of ACF Industries supplied 185 carburetor models to car makers in the 1963 model year and 283 new models for the 1964 models, in helping meet the needs created by a widening number of car models and engine options.

Market Recovery Continues

NEW YORK (AP) — The stock market closed higher today; having run its recovery drive through two full days.

Many key stocks were up as much as a point. Some of the more widely moving issues gained 2 or more.

Volume for the day was estimated at 4.7 million shares compared with 4.87 million yesterday.

Gains of fractions to more than a point were scored by key stocks. Assorted issues in the more volatile group rose 2 or more.

The market was higher from the start in a resumption of the rebound which began Wednesday. The list improved its gain on average as the session wore on.

Gains of a point or better were made by such market wheelhorses as General Motors, Chrysler, International Harvester, Caterpillar, International Nickel, United Aircraft, Zenith and Southern Railway.

Xerox gained 3, IBM, U.S. Smelting and Control Data about 2 each. Steels turned irregular after a moderate early rise, U.S. Steel easing and Bethlehem trading unchanged.

COMSAT again looked like the volume leader as it shucked off 5 points or so.

Other gains of about 2 were made by Bofden, Litton Industries and Mission Development. Interstate Power lost ½ at 31 on a block of 20,600 shares.

Prices moved higher in active trading on the American Stock Exchange.

Corporate bonds were mixed and U.S. bonds weakened.

Pets Are Big U.S. Business

NEW YORK (UPI)—So popular are pets today that Americans are spending about 1.5 billion dollars annually for pets, food and incidentals.

Last year they spent about 530 million dollars for dog food alone—nearly double the money spent for baby food. F. W. Woolworth Co., the world's largest outlet for pets other than dogs and cats (which the firm doesn't sell) reports soaring sales in its 2,117 stores throughout the country.

W. L. Hammond, head of Woolworth's pet operations, says it reflects "more leisure and more money to support pets." Last year his firm sold 800,000 turtles, more than 672,000 tropical fish and nearly 5.5 million packages of fish and turtle food.

INCOME TAX FACTS

Rates Are Lower Under New Rules

By PETER J. WIKEL, C.P.A.

Now that the Revenue Bill of 1964 has become law, rates are lower in 1964 and will be even lower in 1965, so deductions will be worth more to you in 1964 Therefore, it becomes important to take all of the deductions possible in 1964.

Wikel

Consider paying all of your contributions for 1964 and 1965 in December of 1964. In other words, pay them in advance.

Check with your bank or lending agency and see if you can pay the interest on your home for a year in advance.

The taxes on your home are payable one-half in November and one-half in April, but you can pay them all before the end of the year.

California will accept a prepayment of California income tax for 1964, provided an estimated return is filed with the tax payment. If you have a large California Income tax, it might be advantageous to do this.

If you already have medical expenses in excess of 3 per cent of your adjusted income, now is a good time to pay all of your medical bills.

It may be possible to prepay your accident and health insurance for a year in advance.

If you don't have the money to pay all of your deductible expenses for 1964 and 1965 this year, consider borrowing the money. Most banks and lending institutions are happy to make loans for this purpose.

If you are paying taxes at the lowest tax rate of 16 per cent, you will save at least 16 per cent of the amount that you pay for deductible expenses this year and your loan shouldn't cost you more than 6 per cent, so you will gain a net 10 per cent by borrowing the money, paying the deductible expense this year and then repaying the loan in 1965. Of course, the interest that you pay on this loan is a deduction in 1965 when you pay it.

If you can arrange with the bank or lending institution to give you the full amount of the loan, and then you turn around and pay the interest in 1964, in advance for 1965, yau can also deduct the interest in 1964.

In some cases, prepaying as much of your itemized deductions as possible in 1964 will result in little or no deductions to be taken in 1965 and you would be able to use the standard deduction in 1965 instead of itemizing. This could result in an additional tax savings.

Planners Set Hearing On Marincello City Proposal

The Marin County Planning Commission will conduct a hearing on the zoning of the proposed City of Marincello, west of Sausalito, at 9 a.m. Monday at the Civic Center.

The Frouge Corp., which plans to develop the city, has requested that zoning of 2,138 acres be changed from interim residential and agricultural to a planned community district. The hearing is the first item on the commission's agenda.

During its afternoon session the commission will consider changing the subdivision ordinance so that underground utilities are required in new subdivisions.

County supervisors directed last week that the ordinance be amended to require the underground installations. The subdivision ordinance amendment is Item 32 on the agenda.

The commission also is scheduled to consider plans for a shopping center at the northeast corner of Sir Francis Drake Boulevard and Oak Manor Drive, submitted by Adelbert Von Rotz.

The Fairfax City Council has expressed concern over development at the intersection, and Tuesday opposed Von Rotz's proposal for a gasoline service station at the 2.35 acre site.

Von Rotz's application for architectural supervision of the shopping center is Item 19 on the agenda.

The commission also will conduct a hearing on a proposed amendment to the Marinwood master plan regarding density (Item 26) and a hearing on a tentative map of Castlewood Unit Two, a six-acre subdivision, south of Novato Boulevard and east of Eucalyptus Avenue (Item 13-A).

Kennedy Death Records Secret For 75 Years

WASHINGTON (AP) — The U.S. Archives has received evidence and records compiled by the Warren Commission during its investigation of the assassination of President John F. Kennedy.

Deputy archivist Robert H. Bahmer said last night that it is expected the material will come under the government's general policy of restricting for 75 years any data assembled by an investigative agency.

Scholars and other interested persons seeking access to restricted material must request it from the proper investigating agency, Bahmer said, adding: "If they give permission we are happy to make the material available."

Reventlow Undergoes Surgery On His Leg

SANTA MONICA (AP) — Lance Reventlow, son of Woolworth heir Barbara Hutton, was reported in satisfactory condition after undergoing surgery on his left leg, broken in a skiing accident.

Reventlow, 28, fell on Mammoth Mountain in the Sierras. The operation was performed yesterday.

Friend Of Ford Undergoes Surgery

DETROIT (AP) — Mrs. Christina Austin of New York, a frequent companion of Henry Ford II, is reported in good condition at a Detroit hospital after surgery.

A hospital spokesman refused to disclose the nature of yesterday's operation.

Maple Leaf Flag Gets Approval

OTTAWA (UPI)—Canadians today awaited the formality of a royal proclamation from Queen Elizabeth II before officially running up a controversial new maple leaf banner on flagpoles throughout the 10 provinces.

The Senate last night voted 38-23 to give final parliamentary approval to the new flag — a single red maple leaf on a white background with a red border—as the first distinctive national flag in Canada's 97-year history as a nation.

Down the hall, the Commons voted 185-25 to make the United Kingdom's Union Jack Canada's second flag—a symbol of this country's ties to the British Crown and the Commonwealth.

The Union Jack has flown atop Canadian flagpoles for more than 100 years without official national status.

Aircraft Carrier Fails On Deadline

NEWPORT NEWS, Va. (AP) — The Aircraft Carrier America is not going to be ready for delivery to the Navy Dec. 31 as scheduled. She is in port for repairs, and will have to take her sea trials a second time.

The Navy delayed delivery yesterday, saying the giant ship had developed "material discrepancies" during sea trials. The Navy said such discrepancies are "not uncommon on a ship of the size and complexity of a modern aircraft carrier."

30 Below Zero

NEW YORK (UPI) — The lowest temperature reported to the U. S. Weather Bureau, excluding Alaska and Hawaii, was 30 below at Hibbing, Minn. The highest reported yesterday was 85 at McAllen, Tex.

GYMS DARK TONIGHT; MARIN TEAMS TRAVEL

Marin County prep basketball fans will have to take to the road tonight if they want to watch local teams, for all three evening games are on foreign courts.

San Rafael is at Petaluma, Terra Linda is at Analy (Sebastopol), and Marin Catholic is at Riordan in San Francisco, action starting at 7 o'clock in all three games. In daytime games, Tam hosted Montgomery and Drake traveled to Wilson High in San Francisco, both games slated at 4 p.m.

In last night's action, Redwood downed the College of Marin junior varsity 56-51. Redwood (3-5) was paced by Don Detrick with 21 points and Kevin Wilson with 11. Lorry Galassi, former Drake star, led the college attack with 25 points. Redwood had a halftime lead of 30-19.

The Redwood junior varsity beat the school's Class B team 51-46, with Jerry Louis hitting 15 for the J.V. team and Andre Horn 14 for the Bees.

'Laugher' For Mariners In Tournament

The streaking College of Marin basketball team, trying for its second consecutive tournament title, got off on the right foot in the opening game.

The Mariners blitzed Monterey Junior College last night 93-59 in the opening round of the Coast Conference tournament being waged in the Vallejo High School gymnasium. In a game described by coach Cal Riemcke as "relaxing," all 15 Tars played and 13 of them made the scoring column.

Marin will face Cabrillo College of Santa Cruz in one of the semi-final games tonight at 7 o'clock. Cabrillo beat West Valley J.C. of Campbell, 100-93, last night in a first round game.

In the other semi-final game, Menlo, 72-60 victor over Hartnell, will go against Vallejo Junior College, 79-72 winner over Gavilan J.C. of Hollister. A victory for Marin tonight would put the Tars in the finals tomorrow night at 8:30. A loss would have the Marin boys playing for third place tomorrow at 4:45 p.m.

It was an easy night for Marin yesterday. The Tars jumped out to a 7-1 lead and never looked back. By halftime, the Tars were in front by 16 points, 44-28.

Guard Brad Busch paced the Marin scoring, pushing through 10 buckets and two free throws for 22 points. Other cagers in the double figures for Marin were Rod Monti with 15 points, Fred Arnold with 13 and Jay Johnson with 11. Arnold, who reaches to the height of 6-7, was top rebounder for Marin, grabbing 16 off the boards.

"Our fast break was going really good," said Riemcke. "The boys are gaining confidence in what they're doing. They have more poise."

Asked if he thought his boys had the momentum to win the tourney, Riemcke said, "We're playing the games one at a time."

Riemcke praised the play of Monti and reserve Barry Hachmyer in last night's game. Monti, from San Rafael High School's co-champ team of last year, has been alternating with Bill Brody at one of the forward spots. Hachmyer, a star for last year's other Marin co-champ team, Novato, has been used strictly in reserve for Marin. But Hachmyer came through with eight points yesterday.

Last week Marin beat all opposition and took the championship of the Golden Valley Conference Tournament. Overall record for Marin now is 6 wins and 2 losses.

Marin scoring: Fred Arnold, 4-5-13; Pete Coy, 1-0-2; Larry Wolfe, 1-1-3; Bill Brody, 2-2-6; Rod Monti, 5-5-15; Bill Nelson, 1-0-2; Jim Halm, 1-1-3; Jay Johnson, 5-1-11; Lorry Galassi, 0-2-2; Bob Phillips, 0-2-2; Brad Busch, 10-2-22; Paul Gockel, 2-0-4; Barry Machmyer, 3-2-8. **Totals** —35-23-93.

Navy Coach Forced Out

ANNAPOLIS, Md. (AP) — Navy answered one question yesterday with the dumping of Wayne Hardin as head football coach but left unanswered the name of his successor.

Doug Scovil, administrative assistant to Hardin and coach of the Navy quarterbacks, was believed to have had the inside track for the job and still may have.

But the Naval Academy, shaken by the publicity over Hardin's obviously forced resignation in a personality clash with superiors, appeared in no hurry to designate the new mentor.

Capt. William S. Busik, director of athletics, said candidates would be interviewed during the next several weeks and would include any from outside the academy as well as those on the present staff. An announcement will be made after the first of the year, he said.

It is believed an insider would have the edge if for no other reason than the job now carries a collateral administrative post in the Navy athletic recruiting system, which the present staff is familiar with. The additional job was written in for Hardin in a new five-year contract signed last Feb. 18.

Hardin's case also raised a question as to what a five-year contract means at Navy. Capt. Busik said all academy contracts are open to renegotiation each year, regardless of length. The re-negotiation of Hardin's led to his ouster.

Hardin, resisting dismissal, found he did not have the contract he thought he did. It was believed that the final settlement worked out with lawyers paid him not much more than a year's salary of the four remaining at $19,000 annually on his contract.

Both the 37-year-old coach and Busik, speaking for the academy's Athletic Board of Control, referred to it in separate prepared statements as a "just" and "mutually-satisfying" settlement. But it was known Hardin was not completely satisfied.

Hardin formally resigned after 10 years at the academy as an assistant and head coach with the reasons still left to speculation.

The best guesses were that the coach and Capt. Busik, now completing his third year as athletic director, just didn't hit it off personally although publicly their relations appear cordial.

A variety of incidents were reported, including a clash over a Hardin interview during a coaching clinic in Texas last August in which he slighted — at least in Navy eyes — chances of having another nationally ranked team this year. Hardin reportedly threatened to resign but the dispute simmered down.

Hardin's recent losing season of 3-6-1, including his first loss to Army in his six years as head coach, also didn't enhance his position any when it came around to discussing his future. His over-all record was 38-20-2 and he took two nationally ranked Navy teams into postseason bowls.

Another motivating reason, it is understood, is that the academy decided against him as the eventual successor to Edgar E. (Rip) Miller, civilian assistant director of athletics who may retire within the next few years. This was the job Hardin had lined up in his last contract.

Navy presumably will choose his successor with both jobs in mind.

CHRISTMAS CAROLING ON THE BAY

Skipper William N. Denton of San Rafael gives sailing orders to three young members of the Hanna Boys' Center choir, in preparation for their Sunday caroling cruise to Marin and San Francisco yacht clubs. The singers from the western "boys town" near Sonoma will start their Christmas cruise at the San Rafael Yacht Club at noon. The schedule will be: San Rafael Yacht Club, noon; Marin Yacht Club, 12:30; Loch Lomond Yacht Club, 12:50; San Francisco and Corinthian Yacht Clubs in the Tiburon-Belvedere area, 2 o'clock; Sausalito Yacht Club, 2:30, and St. Francis Yacht Club in San Francisco, 3:30.

Erdelatz' Well-Guarded Secret; Fine Cast For Sports Injuries

Eddie Erdelatz would make a great subject for the "I've Got A Secret" TV show.

Now vice-president at Marin Title Guaranty in San Rafael, the former big time football coach still won't divulge the reasons behind his sudden and mysterious resignation from the U.S. Naval Academy back in the spring of 1959.

The subject arose again yesterday when Wayne Hardin, Erdelatz' successor at Navy, "resigned" for "personal reasons."

Erdelatz still guards his five-year-old secret with the well-worn "for personal reasons" answer. He told an I-J reporter yesterday: "I've turned down good money from publishing companies to reveal my reasons. Now, as then, they're still personal. I just won't tell."

Hey, what goes on in the Navy, anyway???

OUR GOOD friends in the Marin Medical Society have, if you'll excuse the pun, come up with a fine cast for their Sports Injury Conference Jan. 30 at Dominic's Harbor Restaurant, San Rafael.

Four panels will delve into such subjects as new developments in safety and equipment, legal and professional responsibilities, conditioning and emotional problems.

The cast of participants features such well-known coaches as John Ralston of Stanford, Jim Lemmon, George Wolfson and Brutus Hamilton of Cal and Ann Curtis Cuneo of swimming fame. Moreover, ex-grid great Gordy Soltau will be the featured noontime speaker and another nationally-prominent sports figure is being lined up to speak at the evening dinner session, to be known as the Medicine Ball.

Besides appealing to coaches, trainers, medical men and school administrators, the sports injury conference should be of vital interest to parents of all athletes. They'll be able to hear and see just what's being done for the physical and mental welfare of their darlings.

And, besides, this day-long program offers the greatest gastronomical bargain of the year. The $10 registration fee includes coffee and donuts, lunch and dinner. Even if you're not interested in sports injuries, you can's hardly afford to pass up the chow bargain.

Dr. Arnold Nutting of San Rafael, a great Cal athlete in his day, is general chairman.

DR. ARNOLD NUTTING
Conference chairman

AFTER MORE THAN two months of adding, subtracting and multplying, the National League finally came out the other day with its official 1964 batting and fielding statistics, and Marin's own Johnny Boccabella contributed his share to the mathematical maze.

Big Jawn, the rookie for Chicago, played in nine games for the Cubs after being called up from their Salt Lake City farm club. He officially batted .391 with 9 hits in 23 at-bats, including 2 doubles and 1 triple. He drove in 6 runs and scored 4.

Boc played the outfield for two games but didn't handle the ball once out there. At first base he was errorless in 44 chances.

Incidentally, John and his bride will celebrate their first wedding anniversary Dec. 27. Congratulations to them.

THE S.F. papers came out the other day with their All-Northern California football selections and two Drake High stars were mentioned. Halfback Dean Lazzarini was second team All-North Coast section in the Chronicle and Lee Jamison was first team All-North Coast and third team All-American Cal in the Examiner.

SPORTS BRIEFS

RACING

MIAMI — Keep Quiet, $5, won the feature at Tropical Park by one length over Barb and Polly.

NEW ORLEANS — Nirboy, $8.80, scored by a half-length in the headliners at the Fair Grounds.

SAN MATEO, Calif. — Rocket Test, $11.60, easily won the feature at Bay Meadows.

San Jose To Keep Titchenal

SAN JOSE (UPI)—Bob Titchenal will continue to coach football at San Jose State for many years to come.

College officials held a day-long meeting mainly devoted to the grid program yesterday and a spokesman said of the 47-year-old coach that "the situation appears that he will be our head coach next year and in future years."

Titchenal had been reported on the verge of dismissal as grid mentor, although he was free to stay on as an instrustor in the physical education department. He has coached the Spartans to a 33-45-1 mark during eight years. The Spartans were 4-6 this season.

Titchenal is a former star Spartan center and pro performer. He coaches a wide-open brand of football and the Spartans frequently are among the nation's top passing teams.

San Jose State's new president Robert D. Clark, said in a prepared statement after the meeting that "no early solution was in sight" regarding the school's football outlook or the possibility that it might join the Western Athletic Conference.

THIRD ROUND PICK SIGNS WITH 49ERS

Jim Norton, a 247-pound tackle from the University of Washington, was signed yesterday to a San Francisco 49er contract.

Norton, who holds two all-time records at the UW, was a third-round draft choice of the National Football League 49ers, who said they plan to use him as an offensive tackle.

In 1962 Norton kicked 17 successive points after touchdown and in 1963 he booted a 45-yard field goal against USC, both records for his school.

He went both ways at tackle in 1963 and played defensive tackle this season.

LIBERTY, BLUEBONNET

Two Bowl Games On TV Tomorrow

By THE ASSOCIATED PRESS

The first major bowl game ever staged indoors and the passing arm of Jerry Rhome, chosen the outstanding back of the year in the Associated Press' poll, highlight tomorrow's postseason college football action.

Defense-minded Utah and West Virginia meet in the Liberty Bowl which will be played in Atlantic City's Convention Hall. Rhome, who set 17 collegiate offensive records, leads Tulsa against Mississippi in the Bluebonnet Bowl at Houston.

Utah, co-champion of the Western Athletic Conference, had the sixth best defense against scoring in the country this season, permitting just 6.2 points per game. The Utes picked off 23 passes, seven by safety C. D. Lowery.

That aerial defense figures to get a stern test from West Virginia's Allen McCune, who piloted the Mountaineers to a 7-3 mark and the Southern Conference title, after they had split their first four games.

WINNING SEASON

"McCune turned what might have been a mediocre season into a winning one for us," said Coach Gene Corum.

McCune, who took over in the fifth game, completed 60 of 99 passes for 10 touchdowns.

When it comes to passing though, it will be Johnny Vaught's Mississippi Rebels who figure to have their hands full tomorrow. They will be up against the collegiate passing champion, Rhome of Tulsa, in the Bluebonnet classic.

Rhome, with Howard Twilley doing most of the catching, sparks one of the most pass-minded offenses in the country.

Mississippi allowed 10 opponents an average of 115 yards per game through the air and nine of the 14 touchdowns scored against the Rebels came on passes.

Both games tomorrow will be televised nationally by ABC, Channel 70.

The Liberty Bowl from Atlantic City will be aired starting at 9:45 a.m. That game will be followed by the Bluebonnet Bowl from Houston, at 12:30 p.m.

Refs Agree: Pro Cage Injuries Accidental

NEW YORK (AP) — National Basketball Assn. players aren't going out of their way to hurt one another this season. That's the essence of a report of the NBA referees released by league president Walter Kennedy.

The 10 referees conferred with Sid Borgia, supervisor of officials, at their annual mid-season meeting and Kennedy's statement followed. Ben Kerner, owner of the St. Louis Hawks, and Jack McMohon, coach of the Cincinnati Royals had been critical of roughhouse tactics they said were endangering players.

"It was the consensus of the staff," Kennedy said, "that the injuries sustained were the primary result of the fast-moving nature of the highly competitive games played thus far.

Referees indicated no evidence of deliberate intent to hurt an opposing player but pointed out that because players of today are larger, faster and brawnier than ever, when they do accidentally collide, the injuries may be much more serious, particularly when the shooters are off balance."

Players who have been sidelined with serious injuries include Oscar Robertson and Arlen Bockhorn of Cincinnati, Wilt Chamberlain and Wayne Hightower of San Francisco and Bob Pettit and Richie Guerin of St. Louis.

Bid For Wilt Denied; Warriors Vs. Philly

SAN FRANCISCO (AP)—The San Francisco Warriors will meet the Philadelphia 76ers tonight at Civic Auditorium and at least part of the hush before opening whistle won't come from basketball nerves.

What will make the San Francisco crowd more nervous than usual will be threatened—and denied—loss of Wilt Chamberlain for $500,000 to the Los Angeles Lakers.

A story in the Los Angeles Times yesterday reported a "reliable source" saying that the Lakers offered a half million dollars for Chamberlain plus veteran guard Dick Barnett and rookie Cotton Nash.

Both Lakers management and Warriors brass subsequently denied the news of the offer.

Philadelphia downed the Warriors Monday, sinking 39 out of 43 free throws but being outscored, 46 field goals to 40.

Tonight's game marks the first appearance here this season of the 76er rookie, Lucius Jackson.

Raiders Wind Up Season Against Chargers Sunday

OAKLAND (UPI)—The Oakland Raiders still do not know who their starting quarterback will be for Sunday's season ending battle against San Diego at at Frank Youell field.

The Chargers, meanwhile, don't know who will handle their place-kicking chores against the Raiders.

Veteran Cotton Davidson worked out yesterday with the Raiders and definitely will be able to see action Sunday. But his bruised ribs and long layoff may lead Coach Al Davis to go with Tom Flores for a while.

Chargers' place-kicker George Blair is out for the season with a knee injury and hotshot halfback Keith Lincoln has been doing the booting since. But Lincoln may be out of action too with a leg injury in which case the Chargers may re-activate Ben Agajanian to do their kicking.

Cage Star Is A Rhodes Candidate

ST. LOUIS (AP) — Bill Bradley, All-America basketball player from Princeton University, is one of two students selected from Missouri as candidates for a Rhodes scholarship.

Bradley, a senior from Crystal City, Mo., is a history major with a B average.

The scholarship, selected on leadership, scholarship and campus participation, awards a $2,500-a-year stipend for two years of study at Oxford in England.

Packers Sign Junior Coffey

GREEN BAY, Wis. (AP) — The Green Bay packers of the National Football League announced yesterday the signing of their seventh draft choice, offensive halfback Junior Coffey of the University of Washington.

Coffey, 6-foot-1, 215 pound back, also was picked by the Houston Oilers of the American Football League.

MR. BASKETBALL ASKS: REMOVE BACKBOARDS

CHICAGO (AP) — Abe Saperstein, known to many as Mr. Basketball, wants to eliminate the backboard from the basket.

This may sound like letting the air out of the ball, but the veteran owner-coach of the Harlem Globe Trotters thinks his idea would benefit the small guys—who are only six feet tall.

Take off the backboard and move the basket about 12 to 15 feet in front of the end line, he says.

This would decrease the shooting percentages by about one-third and it would make possible for more rebounding for a smaller player, Saperstein says. "It would relieve congestion under the basket. Without a backboard the ball, hitting the rim, could bounce anywhere.

"It makes me sick to think of all the wonderful players in the last 10 or 15 years who were stars in college but were too small for the pros," Saperstein says. "This idea would be a great equalizer."

MATT SNELL

Top AFL Rookie Eyes Yard Title

NEW YORK (AP) — Matt Snell, the fine fullback of the New York Jets, collected one title today—Rookie of the Year—and aimed for another.

"I'd like to get that ground gaining title," Snell said. "I'm behind right now, but you never know—one good run and I'll be right in the race."

Snell, a 6-foot-2, 215-pounder from Ohio State who was the object of some spirited bidding between the Jets of the American Football League and the long-established New York Giants of the National League, said being named AFL Rookie of the Year "proved I made the best choice with the Jets."

"I've always felt I did the right thing," he said, "but being named the No. 1 rookie cinches it. I'm real thrilled. When you think of all the good rookies in our league this year, it is an honor to be No. 1."

With one game to go, Snell has 842 yards on 199 carries. That's second to Buffalo's Cookie Gilchrist for the league rushing title. Cookie has 929 yards.

"That would be another thrill," Snell said, "winning the rushing title. I'll give it all I have next Sunday."

The Jets meet Kansas City in their season windup Sunday, while Buffalo battlse Boston for the Eastern Division title.

Snell said he and the Jets — who are 5-7-1 so far for third place in the East-expect better things next year.

"We had great support from the fans and we are improving all the time," he said. "Next year we might go all the way."

Snell, who lives in Locust Valley, N.Y., said he hoped to report next season about five pounds heavier than his 215 of this year.

"I'm still at my college weight," he said. "I'd like to get five more pounds if I can. I'm 23, and I hope I'm still growing."

Snell made a runaway of the voting for AFL rookie. He got 16 of the 24 votes cast by sports writer and sportscasters from the eight league cities.

Runner-up was Sid Blanks, the Houston back from Texas A & I with six votes. Mack Lee Hill, Kansas City fullback, and George (Butch) Hyrd, Buffalo defensive back, got one vote each.

Clay Gets A New Manager

LOUISVILLE, Ky. AP) — Angelo Dundee, who has been heavyweight boxing champion Cassius Clay's trainer, was named his manager by the Louisville sponsoring group.

Dundee, 43, replaces William Faversham, who gave up the job after being hospitalized with a heart ailment.

Dundee will continue as trainer and Faversham will remain a member of the sponsoring group, composed of 10 men and one woman, the group said in a statement last night.

Faversham has acted as manager throughout Clay's professional career and Dundee, of Miami, Fla., has been his trainer most of that time.

Clay is to fight Sonny Liston in a title match next year at Boston. They were to fight in November but Clay had to undergo surgery for a hernia.

Dundee also manages among others, light heavyweight champion Willie Pastrano and a pair of former champions, welterweight Luis Rodriguez and featherweight Sugar Ramos.

4 Dodger Aces Ink '65 Pacts

LOS ANGELES (AP)—Pitchers Sandy Koufax and Don Drysdale have signed contracts for 1965 with the Los Angeles Dodgers, each to receive salaries in the $70,000 bracket.

And outfielders Willie and Tommy Davis, both at good but more modest stipends, also have signed for the coming baseball season.

Vice President E. J. (Buzzie) Bavasi, with all four players present, made the announcement at a news conference at Dodger Stadium yesterday.

Bavasi divulged no specific figures, but intimated the two pitchers will receive about the same as last year.

Willie Davis, off his .294 batting average compared to .245 the year before, got a boost, reportedly from $20,000 to around $30,000.

Tommy Davis, no relation to Willie, the 1963 major league batting champion who slipped from .326 to .275, was trimmed from a reported $42,500 to $35,000.

Bavasi indirectly confirmed the hike and cut when he said Willie "got the best raise on the ball club" and if Tommy regains his previous form his contract will be voided "and he'll get his money back."

Koufax, who had a 19-5 record and for the third straight season turned in a no-hit game, missed the latter part of the season because of an elbow injury.

Koufax said he hasn't tested his famed left arm but added, "it feels fine and I think I'll be all right when we get to spring training camp.

"I think it would have been all right last season if I hadn't tried to come back too soon," the handsome young bachelor said.

Another Operation For Boxer Williams

HOUSTON AP) — Heavyweight boxer Cleveland Williams, who was shot by a highway patrolman Nov. 28, underwent additional surgery yesterday to repair what his doctor called a kidney condition.

The physician said the surgery at the time of the injury was not satisfactory.

"We revised that and drained the area," the doctor said. "I'm sure this will speed his recovery, but he's got a long way to go.

"We are anxious to get him back in the ring. We think he will make it and he certainly has desire. He's a good patient. I'm confident he will return to normal health but I don't know if he will be strong enough to take the punishment required of a heavyweight championship contender."

Williams was stopped by Highway Patrolman Dale E. Witten, 36, who said he arrested the 31-year old fighter on suspicion of driving while intoxicated.

Witten said Williams struck him and tried to flee. In a scuffle the boxer was shot. Charges of driving while intoxicated and aggravated assault on a police officer were filed against Williams.

Williams was in line to fight Ernie Terrell for the World Boxing Association's heavyweight title before the incident.

MOVIES CONFIRM IT: CARDS WORLD CHAMPS

By JIM BECKER

NEW YORK (AP) — A couple of months ago at an hour when all good shot putters and backstroke swimmers were safely in bed, a dedicated band of Americans at the Tokyo Olympics gathered around their radios for the baseball World Series.

The games began to limp in via the shortwave at 2 a.m. Tokyo time, when they were in New York, and 3 a.m., when St. Louis was the site.

The voice of Joe Garagiola, sounding something like a man standing at the bottom of a deep well with the tide coming in, informed the tiny band that the St. Louis Cardinals won it in seven games.

Yesterday that report was confirmed when the official World Series movie was unveiled.

It took seven games. The Cardinals won. And it was a lot more exciting than the two-man kayak race over in Tokyo.

Ralph Houk, the one-time manager and now general manager of the Yankees, introduced the film.

"It's getting a little tiresome getting up here every year and making excuses for losing in this picture," Houk said. "But at least we got the winning manager on our side."

The Yankees also got the winning announcer. Just before the picture went on the screen the Bombers announced that Garagiola had been signed to do their regular season games next season.

He will replace Mel Allen, who has been asking "how about that" since the days when the Indians still owned the Bronx. The Yankees did not invite Allen back.

They did invite Johnny Keane, the winning Cardinal manager, to come over and manage their team next season. Yogi Berra, the former resident genius, then took a job with the New York Mets.

In fact, there has been so much job-swapping in New York baseball circles it looks like a baton passing practice at the Olympics.

Anyway, the picture of the World Series runs 40 minutes and it is expected to have an audience of 15,000,000. They will watch Keane stay with the tiring Bob Gibson who was alternating strikeouts and home run balls in the ninth inning.

The third out came before the fourth homer and the Cardinals won. That made two straight losses in the World Series.

For the Yankees that's a losing streak.

Oregon Staters Go South For Rose Bowl Drills

CORVALLIS, Ore. (AP) —The Oregon State football team, idle this week because of final examinations, will fly to Los Angeles tonight to get ready for the Rose Bowl game against Michigan.

Coach Tom Prothro said the team will work out tomorrow, and daily thereafter, except for Christmas. The workouts will be on Spalding Field on the UCLA campus.

Prothro said he will take his entire squad of 57 players. Only 45 are expected to suit up for the game. The extras will provide more manpower for the training sessions.

The team is scheduled to arrive in a chartered plane at Los Angeles International Airport at 9:15 p.m.

Sketchy Report On Steelhead; Bass Anglers Hit The Jackpot

STEVENS

So you want to know about chances for steelhead in the "Loop" streams—Gualala, Garcia, Navarro and the Fort Bragg streams, eh? Well, I wish I could predict chances as very good, but, alas, I can't. Most of the loop streams are open (not bar-bound) but the take has been very light. A few steelies have been taken, but definitely there has been no real run. If the streams remain clear and at normal height, there is most certainly a chance you will connect, but as always I suggest that you get on the phone just before you shove off for the favorite hole on your favorite stream.

To the regulars who have pleasant memories of fishing the Gualala River from the mouth to the juncture with the North Fork, it is good news that the Gualala Hotel is again open; this time by Doctor Walsh. I have no authentic news of what has happened or is happening in that or the other streams. I do know that a few (just a few) steelhead have been taken in the Garcia and Ten Mile rivers; that the salmon run is probably over and with good water conditions, all the coast streams may yield some fish. If no hard rains in the immediate future all loop streams (including the Russian and the South Fork of the Eel), could become worth the trip. The slight rains we have had in the Bay area apparently have not muddied the streams at this writing, but make that phone call to learn the current conditions.

I KNOW the above is a very sketchy report, but it's the best I can do. So let's have a look at the local fishing picture.

IT WOULD seem that the Marin side of the San Pablo Bay has come into its own. Joe Nerviani of Joe's Launching at Santa Venetia, fairly exuded good cheer when he reported the action out of his place. Said Joe: "It's good, Ralph. It's going great. Just about everybody going out on Sunday hit the jackpot. It was fair fishing but foul weather on Sunday and Saturday here, but quite a few bass came in, especially on the incoming tide. On Monday the five boats that went out returned with limits or near limits by 11 a.m. Fish ran from 12 to 20 pounds; on the outgoing tide the action was wasted, but on the flood it was exciting and rewarding."

No report for Tuesday, but tides and water are good . . . on Wednesday. Should be some fast action.

PLUGCASTERS WHO have hoped for some action at Dillon's Point may take heart on their favorite sport. An angler named Read came in Monday with a nice 25-pounder after two hours of plugging, and yesterday he took a 16-pounder.

Nadine Lessley of Dowrelio's Crockett harbor labeled fishing "Going great, catching both sturgeon and striped bass. Johnny Sivera took one sturgeon and 27 bass to 29 pounds Saturday; 4 bass and 2 sturgeon Sunday, and on Tuesday unloaded 9 sturgeon and no bass. One party took 11 sturgeon and 2 bass one trip this week."

Knicks Halt Celtics

By THE ASSOCIATED PRESS

At the pace the Boston Celtics are moving in the National Basketball Assn. schedule, a travel day has become a day of rest.

The weary Celtics got that day of rest today while moving on to St. Louis for a Saturday night meeting with the Hawks, their fourth game of the week.

Boston had its seven-game victory string snapped last night night by the Knickerbockers the "neutral" Rhode Island Auditorium in Providence. The Knicks beat the Celtics 113-112 for their first victory over the defending champions in five meetings this year.

Len Chappell scored three points with 32 seconds remaining to put New York ahead 111-110. And then a home town hero, Johnny Egan, combined with the veteran Tom Gola to pull off a typical Celtics' tactic, a steal, and Gola fed Egan for the basket that iced the verdict.

Chappell and Egan, a former Providence star, both wound up with 21 points apiece, though they had to settle for second best behind rookie Willis Reed with 22.

Johnny Havlicek topped Boston, grabbing game-scoring honors with 23 points. Tom Heinsohn had 20 points and Bill Russell 19.

The Celtics defeated the Hawks earlier in the week in a double header at New York. Then they returned to Boston to whip the San Francisco Warriors.

Tourneys, Intersectionals For Coast College Cagers

By THE ASSOCIATED PRESS

Intersectional games and a couple of tournaments will mark basketball play this weekend as teams in the West continue to warm up for the conference competition ahead.

A few teams jumped the gun on the weekend last night: St. Mary's of California traveled across country to grab a last-second 74-73 victory over Tennessee Tech; University of the Pacific dumped San Francisco State 89-71 and Bradley defeated Utah State 75-69 at Peoria, Ill.

Bradley stretched its winning streak to 10 straight and five for the year, while for Utah State it marked the first loss in six starts.

UCLA will be at the Milwaukee Classic Friday and Saturday nights, while Washington State will warm up in the Sun Devil Classic at Tempe, Ariz. UCLA's foe tonight will be Marquette, While Washington State's first opponent is Arizona State.

Two conference foes, Stanford and Oregon, will play at Portland, Ore., in a contest excluded from Pacific Eight Conference standings.

In other games tonight San Jose State travels to meet Utah, Santa Clara invades Brigham Young and the University of Washington plays host to Kansas State.

Saturday finds Stanford still at Portland against Oregon Sta Kansas State staying over at Seattle against Washington, and Santa Clara having another go at Brigham Young.

In other Saturday games, California invades Utah, Southern California plays Loyola of Los Angeles at Long Beach, St. Mary's travels to meet Loyola of Louisiana at New Orleans, UC of Santa Barbara goes to Long Beach.

Pepperdine and Colorado State play at Los Angeles, Seattle is at Duquesne, San Francisco University plays at Hawaii and Gonzaga goes to Eastern Montana.

Detroit Star Hurls Puerto Rico Victory

SAN JUAN, Puerto Rico (AP) — Denny McClain of the Detroit Tigers scattered four hits in pitching Mayaguez to an 11-2 Puerto Rican winter league baseball victory over Ponce last night. Fred Hopke hit a grand-slam homer in the ninth as McClain boosted his won-lost record to 8-2.

Miami Ace Leads Nation's Individual Cage Scorers

NEW YORK AP) — Rick Barry, the New Jersey youth from Roselle Park who went south to play basketball for the University of Miami Hurricanes, is off to a good start toward his goal of becoming college basketball's No. 1 scorer this season.

Barry scored 55 points in Miami's opening game against Tampa, then reeled off 171 more against Duquesne, Pitt, LaSalle, Niagara and St. John's of New York for 226 points in six games.

This gave Barry an average of 37.7 and the top spot in the first weekly statistics released yesterday by the National Collegiate Athletic Bureau for games through Dec. 12.

Fred Hetzel of Davidson, who played in only three games, was close behind with an average of 37.3. Hetzel tallied 112 points, including 53 against Furman.

Wayne Estes of Utah State with an average of 33.5, Henry Finkel of Dayton 31.8 and John Austin of Boston College 30.5 round out the top five scorers.

Estes is the best foul shooter with 26 of 27 for .963 while Tony Kimball of Connecticut is the top rebounder with 96 in four games.

Marin 'Cats Hope For Win

Marin Catholic basketballers will be trying to get back on the victory trail tonight when the Wildcats take on Riordan in San Francisco, 7 o'clock.

Marin lost its last game, 53-51 to St. Elizabeth's of Oakland, Wednesday night in Kentfield. Brad McDonald with 21 points and Tom Soden with 19 paced the Wildcats' attack.

Bill Shine, high scoring cager who was bumped on the head in that game, is a doubtful starter tonight for Marin Catholic.

MOST VALUABLE IN AFL

Cappelletti Named

NEW YORK (AP) — Gino Cappelletti, the decisive factor in many of the Boston Patriots' victories and league leading scorer, has been named the Most Valuable Player in the American Football League by an Associated press panel.

Cappelletti, formerly a defensive back, moved to an end-flanker job. He scored half of Boston's points and led the league with 155 points, a record total, with his place kicking and pass catching ability.

With one big winner-take-all game against Buffalo still to be played Sunday for the Eastern Division title, Cappelletti has caught seven touchdown passes and kicked 25 field goals in 38 attempts. The 30-year-old former Minnesota player also kicked 36 conversions and caught a pass for a two-point conversion as permitted in the AFL. He broke his own scoring record of 147, set in 1961.

Cappelletti's most dramatic field goal was kicked against Houston in the last three seconds for a 25-2 victory. In the big game with the Buffalo Bills in which the Pats ended Buffalo's nine-game winning streak, Cappelletti caught three TD passes, added two conversion kicks and also caught the two-point conversion pass in a 36-28 game. Against Denver Oct. he kicked six field goals.

The veteran, one of the original Patriots, has scored 22 touchdowns in his five-year career, booted 92 of 161 field goals and 193 of 197 conversions plus the two-pointer for a grand total of 663 points.

The voting of the 24-man panel, three from each league city, was divided among seven men. Cappelletti had seven. Lance Alworth, brilliant San Diego flanker, and Cookie Gilchrist, Buffalo's rampaging fullback, each had five votes.

Elbert Dubenion, Buffalo's fine flanker, received three votes and Charley Hennigan, Houston's league-leading pass catcher, had two votes. There was one each for Keith Lincoln, San Diego running back, and Daryle Lamonica, who alternates with Jack Kemp as Buffalo quarterback and pulled so many games out of the fire with his late heroics.

The winner of the MVP in 1963 was Tobin Rote, quarterback of the San Diego Chargers who has given way to John Hadl.

ROBERT R. RITTER
Heads San Rafael chamber

President Is Elected By Chamber

Robert R. Ritter of 916 Del Ganado Road, Terra Linda, has been elected president of the San Rafael Chamber of Commerce for 1965.

Ritter, a consulting engineer, succeeds Architect Robert W. Severin.

Serving with Ritter will be Leroy Rudolph of Terra Linda, first vice president; Sig K. Herzog Jr. of San Rafael, second vice president and Theodore A. Martin, of San Rafael, treasurer.

The new officers will be installed at the chamber's annual dinner meeting at 6 p.m. Jan. 19 at the Peacock Gap Country Club.

Kentfield Home Is Burglarized

Burglary of the home of Mrs. Louis C. Ott, 119 Crown Road in Kentfield, netted intruders $440 worth of musical equipment, a radio and a television set, Marin County sheriff's officers reported yesterday.

Mrs. Ott told deputies entry was made yesterday by kicking open a master bedroom door. Also taken from the house, she reported, were two guitars and an amplifier.

Jason H. Marden, 606 Galerita Way, Santa Venetia, told officers his unlocked garage was entered over the past four weeks and $150 worth of archery equipment taken.

Barbara D. Lee, 711 Montecillo Road, Terra Linda, told officers a screen door of her home was cut in an apparent attempted entry Tuesday.

Charge May Result From Auto Crash

Sausalito police are pursuing a complaint through the Marin County district attorney's office against Phillip Dillon of Sausalito, whose car tore off two sets of railings early Monday morning and then stopped wedged between two driveway ramps.

Dillon, 27, of 447 Sausalito Boulevard, is registered owner of the car, police said but they would not disclose if he were in the vehicle when it went off the road. Crash of the car awakened City Mgr. Charles A. Brown. The car tore railing off Brown's driveway ramp at 192 Spencer Avenue as well as railing from driveway ramp of George Tarros, 196 Spencer Avenue. The accident occurred at 2:08 a.m.

Year's Last Dance

The last dance of 1964 will be held by the Mill Valley Youth Council at the Municipal Golf Clubhouse at 8 p.m., tomorrow. Music will be from a new San Rafael combo and the dance is open to all council members, including seventh and eighth graders, according to council co-director, Les Mize.

It never touches a drop.

You couldn't put water in a Volkswagen if you wanted to. Or anti-freeze either.

The VW engine is cooled by air. It doesn't have a radiator. Or any of the usual radiator problems.

No hose to leak or clog or run up costly repair bills.

Nothing to overheat or boil over in hot weather. (You never see a VW cooling off by the side of the road.)

Nothing to freeze in cold weather. The money you save on anti-freeze is a dandy little dividend.

You get more dividends when it comes to gas and oil.

The VW averages 32 miles to the gallon of gas. Sometimes even more. Sometimes a little less. Depending on how you drive.

You can almost forget about oil. The VW rarely needs it between changes.

Tires go a long way, too. Common wear is 40,000 miles.

Maybe that's why so many people are going Volkswagen. It's not a car that spends your money like water.

MEADOW CLUB GOLFERS INSTALL

An installation and Christmas luncheon was the occasion yesterday for the Meadow Club Women Golfers. Before the tree in the foyer were, from left, Mesdames T. N. Brown, captain, Alfred Quilici, new captain, and William J. Milliken, new co-captain. Arrangements at the club featured the tree in the foyer decorated with tiny angels and in the main ballroom are two suspended angels above the fireplace and a large flocked tree. Alpha Delta Pi To Hold Coffee

On Tuesday, the third annual coffee will be given by the Alumnae of Alpha Delta Pi Sorority of Marin for active members and their mothers. The purpose of the affair is for the alumnae to become acquainted with the college girls and the girls to learn of alumnae activities.

The coffee will be held at the home of Mrs. Everett Ellis in Greenbrae. Assisting her are Mesdames Alton Fountain of Novato, Roger Core of Corte Madera, Albert McKinney of Lucas Valley, and William Hagler of Greenbrae.

The officers of the local alumnae group greeting the guests will be Mrs. William Shreve of Novato, president, and Mrs. Robert DeVinny of Greenbrae, vice president.

Among those attending will be Darcy Kelly and Mrs. Helen Kelly of Kentfield, Carol Smith and Mrs. Roscoe Smith of San Anselmo, Linda Michelotti and Mrs. A. E. Michelotti of Loch Lomond, Judy Coy and Mrs. Clifford Coy of Greenbrae, all from the University of California; and Sandra Kirkpatrick and Mrs. P. O. Kirkpatrick of Terra Linda, from the University of California at Santa Barbara.

Sir Sedley And Santa To Visit

Loch Lomond Yacht Club's new quarters on San Pedro Road are to be visited by Santa Claus and Sir Sedley on Saturday to entertain the children and guests of members from two until four in the afternoon. Sir Sedley, whose KTVU show is known and enjoyed by all the children, will delight and amuse his small-fry audience with fun and gifts.

Mrs. Robert Radford of Belvedere and Mrs. Robert Spencer of Lucas Valley are the hostesses and Robert Radford will be in the Santa Claus suit.

Mr. and Mrs. James Howard's two daughters, Sally and Margie, will be Santa's helpers. That evening the adult members of the club will have their own Christmas party, enjoying a cocktail party and buffet supper with dancing.

Brighter Yule For Patients

Christmas will be a little brighter for patients in seven Marin nursing homes and the Ross Hospital Terrace because of this year's Christmas Seal design. Inspired by the picture of the green sox with gay red heel and toe, 12 Marin Camp Fire groups and Girl Scout troops have made 200 Christmas seal sox and filled them with hard candies.

Tamakwa Elects Its Officers For Year

Mrs. Iva Stephens was elected president of the Tamakwa Sewing Club at the club's Christmas luncheon at Rancho Rafael, Ignacio. Other new officers are Mesdames Silas Riddell, vice president; Chester Hunter, treasurer, and Ada Earwood, secretary.

FOR PARTY AT SONOMA

Alpha Tau Chapter members of Kappa Phi Sigma Sorority in Novato held a party today for the sheltered workshop at Sonoma State Hospital in Eldridge, as their service project. Chairman was Mrs. David Douglass, assisted by Mesdames Henry Puccinelli, Robert Corbett and James McConnell. Members donated a gift for either a boy or girl and refreshments of cake, punch and bags of candy were served. (Independent-Journal photo)

Marin Women

THE SUBURBAN SCENE

Deb Ball Weekend Hghlight

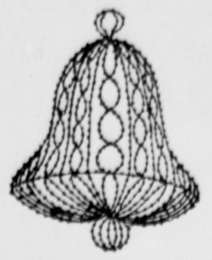
By MOLLY MARIN

The holiday parties continue at a lively pace throughout Marin, with the third annual Debutante Ball as the highlight of tomorrow's busy evening. Twenty girls will be presented at the Peacock Gap Country Club, stepping through the curtains shortly after 10 o'clock to make their curtsies and be introduced by Ernest Mendenhall Jr. The gold tree that is becoming traditional at the ball will again flank the small stage and green fir boughs with tiny starlight lights will be used on the ceiling throughout the club. New this year, though, will be the bright red tablecloths in the "jazz room" and in the dancing tent, which is erected over the terrace. A carved ice peacock will be the highlight of the elegant gold-clothed buffet table this year.

THERE WILL be several Marin mannequins on the ramp at the San Francisco Hilton on Feb. 3 when the Junior League presents its annual style show and lunch . . . In group, Mesdames Thomas A. Belshe and William Morris of Kentfield, John H. Wingate Jr. of San Rafael and Edgar Washburn of Fairfax.

IT WILL BE an eggnog party tomorrow evening at Corinthian Yacht Club for members of the women's auxiliary, headed by Mrs. Allen Axford of Larkspur. Last Sunday Santa came sailing into the club with gifts for children of members.

THE GERALD STRATFORDS, who bought the Warren Bechtel home on the Belvedere Lagoon, are settled in time for the holidays. Former San Franciscans, they have a daughter, Mrs. Philip Cox of San Francisco and a son, Gerald W. Stratford, who is a new resident of Lucas Valley. Mr. Stratford is familiar with Marin, he was born in Ross and lived there for many years.



PARTY DATES: The Chuck Phelans will entertain Sunday at their new home in the Dominican area . . . The Fred Enemarks will have an unusual dinner for the men of the wedding party before the Sandy Hodgson-Juan Rodrigo nuptials Tuesday at St. Paul's Church in San Rafael. They'll gather in Fred's spacious office across the street, where the kitchen facilities are ample for the party. The Rudy Langs of San Rafael are hosting a black tie dinner at the Meadow Club the day after Christmas . . . The Ralph C. Noahs have invited friends to their new home in Belvedere.

TODAY MRS. George Bertic evich of Hill Haven, Tiburon, was hostess at a holiday luncheon at Tiburon Tommies for Mesdames Eugene Chase, Ted Steiger, Donald Springsted, Wesley Webster, Harry Winblad and James Johnston, all of Tiburon, and Mrs. Eric Bellingall of Belvedere, and Mrs. Joseph Culver of San Rafael.

MR. AND MRS GORDON WALKER have invited 15 couples to their home at the Marin Country Club Estates for cocktails before going on to the Christmas dinner dance to be held at the Country Club tomorrow evening. Mrs. Gordon Walker Sr. is spending the holidays with her son and family. She arrived Oct. 31 and will return to her home in Long Island, N.Y. in January.

MISS EUDORA SYLVESTER was hostess at a Christmas luncheon Saturday at her home on Palm avenue in Corte Madera. Guests were Mrs. Albert C. King and Mrs. Orbie Griffith of San Anselmo, Mrs. Robert Prather of San Geronimo, Mr. and Mrs. John Thomson of Marin City, Mr. and Mrs. Russell Hannis, Miss Belle McPhail and Miss Katie Murchison of San Rafael, Mrs. Lucretia K. Hanson of Mill Valley, and Mrs. June Cathers of Corte Madera.

MRS. ERIC BELLINGALL and Mrs. John Mayer, both of Belvedere, gave a farewell luncheon, at Mrs. Bellingall's Lagoon home for Mrs. Douglas Patten of Belvedere. The Pattens and their children, Jane and Bruce, will move to Arcadia in a few days, as Mr. Patten has been transfered by his company. Guests were Mesdames C. F. Kumler, William Horton and David Walker of Belvedere, Mrs. Harry Howard and Mrs. James E. Knox of San Anselmo, formerly of Tiburon.

MR. AND MRS. Edward Brown of Loch Lomond will be leaving for Nassau, Bahama Islands and Miami Beach and Cypress Gardens for the Christmas holidays. After Christmas they will fly to New York to attend an awards banquet, then fly to Chicago to visit her sister, Mr. and Mrs. Richard Henwood of Arlington Heights. They will also travel to Grand Haven, Mich., to visit her parents, Mr. and Mrs. Martin Klukos.

SUSAN BONHAM, daughter of Mr. and Mrs. R. F. Bonham, of San Rafael, will be home from San Jose State College for the Christmas holidays. After the holiday, the family will leave for 10 days at Oceanside.

Taste Teasers For Low Cholesterol Diet

That gourmet flair in holiday entertaining need not be sacrificed because of a restricted diet.

If the usual taste teasers and dips have been ruled out for your low saturated fat diet, for the low cholesterol diet and for general weight watching, some holiday recipe adaptations are in order.

The following canapes and hors d'oeuvres are suggested by Frances Dahl, dietitian for the Marin County Heart Assn. weight control classes.

For The Chafing Dish
CHICKEN LIVERS

1 pound chicken livers
¼ cup oil
½ cup dry sherry
2 teaspoons chopped parsley
½ teaspoon salt
Pepper to taste

Saute livers in oil over low heat until brown. Add other ingredients; simmer for about 10 minutes. Serve with toothpicks or cocktail picks.

SHERRIED MUSHROOMS

1 (4 oz.) can mushrooms
¼ cup margarine
¼ cup dry sherry

Drain mushrooms. Heat in melted margarine in frying pan. Add sherry and simmer gently until liquid is almost gone. Sprinkle with chopped parsley. Serve with toothpicks.

COTTAGE CHEESE DIP OR SPREAD

1 cup low fat cottage cheese
1 tps. Worcestershire sauce
1 tablespoon minced onion
½ tsp. dill weed
Pinch salt
Pepper
Seasoned salt or monosodium glutamate

Beat in electric mixer until smooth and creamy. Use to stuff celery. Use as a dip for fresh cauliflower buds or can be used to spread on crackers such as flatbread or matzah.

VEGETABLE PLATE

As a taste teaser guaranteed not to spoil the appetite of your guests, the following Vegetable Plate is suggested:

Cauliflower flowerettes (cut to finger-size portions) bright, cherry tomatoes, crisp celery sticks, tiny green pickles and ripe olives.

The color combinations of white, red, green and black makes an attractive plate.

NEWLYWED Mr. and Mrs. Karl E. (Ted) Graupner will live in San Anselmo following a ski trip in the Sierra. They were married Dec. 5 at Swedenbrogian Church in San Francisco. The bride is the former Zettia Louise Miller of Fairfax.

Don't Make Santa Bogeyman

By PATRICIA McCORMACK

NEW YORK (UPI) — Many parents are unfair to Santa Claus.

They make a bogey man out of him, threatening that the jolly gent will leave gifts of onions or fill stockings with ashes if the children don't behave.

Many of the frightened toddlers, as a result, feel that Santa has awesome power to read their minds, see around corners, stare through windows even when the shades are down.

NO WONDER SOME of these same youngsters kick, scream and cry when Mom or Dad takes them to see Santa.

Oscar Rabinowitz, of the Child Study Assn. of America, made these points concerning children, Santa and the spirit of Christmas.

Rather than threaten children with Santa's anger when they misbehave. Rabinowitz said, parents should stress that being good is the thing to be—because it's expected of them.

"Tell them to be good for goodness sake," he said. "And it's a year-round thing.

"USING SANTA AS a bogey man undermines the spirit of Christmas.

"It is a time of love, a time for thinking about the golden rule, a time to forgive, a time to rededicate oneself to the spirit of making someone else happy.

"Not enough time around the holiday season is spent talking and thinking about the spirit of Christmas."

The belief in Santa Claus, meanwhile, usually is something that most children don't have once they are over the age of three. By six, they're certain Santa's a pipe dream.

"IF THEY HAVEN'T told you by the time they're five or six that there is no Santa," Rabinowitz said, "you ought to level with them."

If you don't and they continue to try to hang onto the legend, they're liable to be the laughing stock of their classmates, many of whom already have been set straight by their parents.

Further, at this age, when they're still having some difficulty separating myth from reality, they're only going to become confused as you keep the myth alive and their classmates don't.

IN THEIR HEARTS, they know it's all make-believe.

You don't have to be a killjoy when you tell the youngsters that Santa's so much pie in the sky, said Rabinowitz.

Tell them your parents played Santa when you were a child, that you did it for them because it's one of those nice expressions of the Christmas spirit — something that doesn't die even once you know Santa's a character from dreamland.

"Tell them you can still have the fun and surprises, still hang the stockings and do the other Christmas things." Rabinowitz said.

AS A MATTER of fact, the minute the Santa myth is destroyed, the youngsters become Santa's helpers.

It makes them feel a lot better. And they don't have to puzzle anymore over why there are so many Santas in stores, on street corners and all over town.

Probiscis Knows Odoriferous Gifts

NEW YORK (UPI) — Christmas shopping for a gift of perfume?

Let your proboscis guide you to the scent most likely to be favored by the female on your list.

If she's strictly a one perfume female, however, learn the brand and just get refills.

Most one scent women would rather fight than switch from the stuff that has become their trademark.

From one perfumer there's this additional intelligence from inside the perfume works:

"When you sniff or apply perfume, you've actually taken a trip through far-off places, many of them as romantic as the scent itself."

Jasmine, for example, a source, of the best and purest oil essential for making perfume, takes you straight to southern France, the nose way.

This rare flower thrives in the misty climate of valleys bordering the city of Grasse.

For fragrances with the kiss of orange or citrus odors, you'd travel to sunny Italy, where these delicate fruits and blossoms flourish.

Roses, source of another essential perfume oil, lead you to Brazil or Bulgaria. It takes 4000 pounds of rose flowers to produce one pound of perfume oil.

Meanwhile, all the vibrance and elegance of Castille are captured in the scent of rosemary, a low, evergreen shrub. Sure to waft you to Spain, the highly aromatic leaves surrounding its light blue flowers are the source of oil which makes a pleasing, inexpensive scent.

Two other important ingredients in perfume — fixatives, which cause perfume to cling; alcohol, which dilutes the essence to desired strength — also would carry you as far away as Tibet and Abyssinia, for their makings.

Mme. Helene Rochas, president of one French firm in Paris, says a good perfume is like a symphony orchestra in concert — "there's no mistaking its quality when it is good."

The fragrance should compliement the personality.

A few perfume wearing tips from Madame Rochas:

—A perfume gives its very best when it is near the skin. Atomize it on linings of fur coats and put inside leather gloves.

—Spray a handkerchief with perfume. When you open your purse, you release a subtle aura of perfume.

HOW TO PLAY

WINNING BRIDGE

By ALFRED SHEINWOLD

Virtue Is Reward After Correct Bridge Game Play

Man is the animal that thinks, and the best man is the one who makes others think.

That's why South's best play is so appealing in today's hand; it shows what a fine man South is.

South dealer
East-West vulnerable

	NORTH ♠ K Q 3 ♡ Q J 4 ◇ K 5 2 ♣ 10 8 6 3	
WEST ♠ 10 7 2 ♡ 10 9 8 7 3 ◇ 10 3 ♣ K 5 4		EAST ♠ A J 6 4 ♡ A 6 2 ◇ 9 8 6 4 ♣ 9 2
	SOUTH ♠ 9 8 5 ♡ K 5 ◇ A Q J 7 ♣ A Q J 7	

South	West	North	East
1 NT	Pass	3 NT	All Pass

Opening lead — ♡ 10

The ordinary selfish man would play the low heart from dummy at the first trick. East would sense that South has the king of hearts. East would win with the ace of hearts and might switch to a low spade.

DEFEATS CONTRACT

This play defeats the contract. South must develop the clubs to make nine tricks, but West takes the king of clubs and leads another spade. East thereupon takes three spade tricks, defeating the contract.

If South is a fine, unselfish character he plays the jack of hearts from the dummy at the first trick.

This may give East the impression that his partner has the king of hearts and that a heart return is the best defense.

MAKES CONTRACT

South makes the contract with a heart return. He can develop the clubs and make sure of three clubs, four diamonds and two hearts even if he never gets a spade trick.

Of course, this will not happen if East thinks carefully about that first trick.

East will see that South has the king of hearts because he would not bid one notrump without a single high card in spades or hearts. If East thinks, he will defeat the contract.

TOO LAZY

If East is too lazy to think, South will make his contract.

South will be sorry, of course, that he failed to stimulate East into thinking; but South can relax with the thought that he has done his best for the human race.

There is a moral in this little tale: Always make your opponents work hard for their tricks. It's good for their souls.

DAILY QUESTION

Partner open with one notrump, and the next player passes.

You hold:

♠ A J 6 4
♥ A 6 2
♦ 9 8 6 4
♣ 9 2

What do you say?

Answer: Bid two clubs, the Stayman Convention, asking partner to show a major suit if he can.

If partner bids two spades, you will raise to four spades; if he bids anything else, you will bid two notrump.

HONOR GRADUATE—Second Lt. Thomas G. Rogers, son of Mr. and Mrs. Thomas L. Rogers of 16 Los Cerros Drive, San Rafael, graduated with honors after taking a nine-week Army Air Defense Officer's basic course at Fort Bliss, Tex. Lieutenant Rogers attained a cumulative average of 97.23 out of 100 during the Air Defense School course. The lieutenant is a graduate of Sir Francis Drake High School and the University of California.

Citizens Ask Plans Unity Suggestions

The Citizens' Advisory Committee on Development of Marin County is seeking more information from interested groups on proposals for unifying planning in Marin.

The committee Wednesday sent out invitation to various organizations to send representatives to the committee's Jan. 20 meeting to discuss the planning proposals.

Interest has been expressed in unifying county planning and various suggestions have been made, Mrs. E. F. Pierce, committee chairman, said.

"These suggestions have ranged from simply providing closer liaison between the independent jurisdictions, on one hand, to providing a unified planning staff for the entire county, on the other hand."

Deadline Jan 15 For Suggestions On Hospital Plan

A deadline of Jan. 15 has been set for receipt of suggestions affecting any major programs of the master plan for the new San Rafael General Hospital.

The Medical Staff Planning Committee in conference with the architect has reached preliminary decisions for development of patient facilities with single accommodations; provision for specialty services of medicine and surgery (74 beds), intensive care (six beds, expandable to 12), pediatrics (20 beds), rooming-in obstetrics and gynecology (25 beds) and psychiatry (25 beds); and an operating suite with five major rooms with an emergency unit with two rooms, a cast room and adjoining treatment facilities.

Design is to permit as need arises to a total of 300 to 400 beds, according to the preliminary decisions.

Joins Navy

Roger S. Lion, son of Mr. and Mrs. Ernest G. Lion of 44 Filbert Avenue, Sausalito, has joined the Navy as an officer candidate and has started a 16-week course at officer candidate school in Newport, R. I. Lion graduated from the University of Redlands with a degree in biology.

New Bill May Revise Auto Smog Control

Assemblyman Leroy F. Greene (D-Sacramento) declared Wednesday he would consider introducing a bill in the State Legislature to revise the present law that requires crankcase smog control devices on 1950 to 1961 model cars.

Greene made the statement during a meeting in San Francisco of the Assembly Interim Committee on Governmental Economy and Efficiency, headed by Chairman Lester A. McMillan (D-Los Angeles).

Lester E. Jennings Jr. of Corte Madera and Lars F. Williamson of Tamalpais Valley, coordinators for the Citizens for Sensible Smog Suppression, appeared before the committee and asked for a moratorium on the car smog control law.

They repeated their contention that the car smog devices are damaging the engine and causing undue expense and inconvenience to owners of older model cars.

Jennings and Williamson presented a petition with 590 signatures, asking for a new approach on control of car smog.

They contend that responsibility for cutting down car smog should rest with the manufacturer of new cars rather than with the motoring public.

Boyd Museum Board To Elect Trustees

Dr. Earl S. Herald, director of Steinhart Aquarium of the California Academy of Sciences, San Francisco will speak at the annual meeting of the Louise A. Boyd Natural Science Museum at 8 p.m. Jan. 19 in the supervisors' chambers, Civic Center.

Trustees will be elected at a preliminary session.

Belvedere Lagoon

One of the truly fine spots for luxury living—3 bedrooms, 2 baths, large living room with corner fireplace, cozy kitchen includes range, dishwasher and garbage disposal, lots of storage, low maintenance. Boating or swimming all year round. Owner transferred, so this home is listed for the first time ever. A very low price for this area. Asking $55,950. Look alive, be alive and live where life is fun on the Belvedere Lagoon. Excellent financing of course.

Never Lived In

This fine 3 bedroom home is top dollar value in construction, convenience and livability. The kitchen is the newest of new, both functional and beautiful. A lovely, large living room with fireplace and a fun family room with a built-in BBQ. Master bedroom has a private bath and 3 separate closets. 2 other large bedrooms take care of the rest of the family. A separate entry hall and a 2 car plus garage. Shaded by a beautiful oak tree, and what a great level back yard. A large back porch and a completely level lot. Asking $43,500.

Men Like Construction

Ladies like comfort, ease of maintenance, both like the prestige of a fine home in a good neighborhood. Here's one you'll like spring, summer fall or winter. 3 bedrooms, 2 baths, extra large living room with corner fireplace, elec. kitchen and spacious family room with BBQ. Only $39,950, and worth it.

Finders Keepers

Anyone looking for a 2 bedroom Morningside Court home? Here you can have the luxury of a separate dining room and also a separate breakfast room! You'll live the level lot with its abundance of fruit trees — the location for its closeness to everything—and most especially the price—only $24,950.

So Low Down

This is a lot of almost new home for a price you can afford. 4 or 5 bedrooms. Existing G.I. loan can be assumed by anyone. Only two years old and a real nice place to raise a family. Dead-end street for peace and quiet and only two blocks to downtown. Hdwd. floors, double garage, nice level yard and acres of play area next door. Very nice neighborhood. That's right—$24,500 asking.

NOTICE OF SALE OF REAL ESTATE—EXECUTION
No. 40521

SHERIFF'S OFFICE,)
County of Marin) ss.
State of California)

BY VIRTUE of an execution issued out of the Municipal Court of Beverly Hills Judicial District, County of Los Angeles, State of California, in an action wherein Hilton Credit Corporation, a corporation, plaintiffs, and Ken Beard, et al defendant, upon a judgment rendered on the 11th day of May, 1964, in favor of said Plaintiffs and against said Ken Beard aka Kenneth J. Beard, Mrs. Ken Beard aka Mrs. Kenneth J. Beard for the sum of Eight hundred Ninety one and 23/100 dollars, in Lawful money of the United States, besides costs and interest, I have this day levied upon all the right, title, claim, and interest of said defendants, Ken Beard aka Kenneth J. Beard; Mrs. Ken Beard aka Mrs. Kenneth J. Beard in and to all that real property situated in the Central Judicial District County of Marin, State of California, described as follows, to wit:

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

'Kissing Disease' Seems To Hit Young People—Cause Is Unknown

VAN DELLEN

Infectious mononucleosis (shortened to mono) often is called the kissing disease. But this is not the only means of transmission, because it occurs in those who have not indulged in osculation. More than 90 per cent of the victims are between 15 and 27 years of age.

The cause is not known but a virus is suspected. The disease is becoming more prevalent, even though not very contagious. When a college student has the infection, it is most unusual for his roommate to "catch" it from him. Freshmen and sophomores are more susceptible than juniors and seniors, suggesting that the older students have developed an immunity, probably from an attack so mild it was passed off as a slight cold.

THE DISORDER begins, like most infections, with malaise and fever. The lymph glands in the neck, armpits, and groins enlarge. The nodes vary in size and are neither painful nor tender.

Sore throat follows the feeling of weariness by several days and may be the most bothersome symptom. The spleen often doubles or triples in size and liver involvement may be severe enough to make the skin yellow (jaundice). A blood test confirms the diagnosis.

THERE IS NO specific remedy. The antibiotics are not helpful. Cortisone-type drugs are said to be of value when administered early in the course of the disease. But the lack of a good treatment is not serious because virtually everyone recovers. Now and then the illness is prolonged by complications such as neuritis or rupture of the spleen.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request.)

PAIN ON DEEP BREATHING

R. L. Y. writes: Could chest pain on taking a deep breath be traced to tuberculosis?

REPLY

Possibly. Pain of this type usually stems from pleurisy. This disorder is caused by a variety of pulmonary infections, inciuding tuberculosis. Injury to the chest wall does the same. Now and then, pain comes from the abdomen, especially when the diaphragm goes down and presses upon a distended loop of the bowel.

NIPPED HEELS

Mrs. D. G. L. writes: As a young girl my heels were frostbitten and now I am bothered with itching when I get warm. When I go to bed, they are especially bad—but itch at other times also. Do you think frostbite was the cause?

REPLY

Yes. Frostbite may damage the capillaries or nerve endings, leading to this sensation, especially when the feet are cold or too warm.

SURGERY FOR BACKACHE

E.D. writes: For six years I have had backache from a worn-out vertebra. Is it better to live with this condition or have the operation?

REPLY

The answer depends upon whether the amount of disability is worth the risk of a spinal operation. Firsthand advice is necessary. Consult the physician who has examined you and seen the X-rays.

INCONTINENT OLDSTER

H. W. writes: Is there any help for an elderly bedwetter?

REPLY

This disorder may be difficult to correct, especially when the valve guarding the entrance to the bladder is weakened, injured, or paralyzed.

RED-EARED

M. M. writes: What would cause an 8-year-old boy's ears to turn red from time to time?

REPLY

He may be blushing.

King's Widow To Get Money

NEW YORK (AP) — Genevieve Arnault, widow of King Faisal II of Iraq, will get two thirds of the more than $111,000 he left in the United States.

The blonde Miss Arnault last year won a suit to be declared the legal widow of the king, who was assassinated in 1958. Surrogate Samuel Di Falco awarded her $73,708 as her share of Faisal's American estate yesterday.

The remainder will go to the king's nearest male heir, Prince Zeid Ibn Hussein, who lives in London.

East Bay Drivers Hit On San Rafael Span

A Concord woman, Marie MacDonogh, 47, was slightly injured Wednesday when her car collided with a slow-moving pick up truck driven by Emmet Ramsey, 37, of Oakland, just inside the Marin County line as both headed east on the lower deck of the Richmond - San Rafael Bridge.

The California Highway Patrol reported Ramsey had been driving slowly because of a flat tire when his truck was hit on the left side about 5:15 p.m.

Ecuadorian Boy 'Adopted' Here

Mr. and Mrs. Weyman I. Lundquist of 3475 Paradise Drive, Tiburon, have financially adopted an 8-year-old Ecuadorian boy through Foster Parents Plan Inc.

The boy is Carlos Santamaria, who lives with his mother and four older brothers and sisters in the home of a friend of his mother. The boy's father, a shoemaker, lives apart from the family and sends $30 a month to his wife. With an additional $15 a month from Carlos' foster parents in Tiburon, the mother hopes to move to less crowded quarters.

Carlos goes to school and hopes to become an accountant. He will write to the Lundquists every month. The program goes on for a minimum of one year. Foster Parents Plan Inc. is located at 352 Park Avenue South, New York, N.Y.

Comedy Team Show Is Slated Tomorrow

Pat Carpenter of Novato, of the comedy team of Peter and Patty, with Peter Arizu of Oakland, will present a show at 9 p.m. tomorrow at the Jack Tar Hotel in San Francisco for the Calectron Co., a subsidiary of the RCA Victor Co.

Miss Carpenter is a daughter of Mr. and Mrs. William Carpenter of 2155 Vineyard Road, Novato.

Mill Valley Chess Club Game Slated

The Mill Valley Chess Club will pit its A and B teams against one another in a match at 8 p.m., Jan. 8, at the school district office, 26 Miller Avenue.

The A team tied with the St. Francis Club of San Francisco and the B team defeated the San Bruno Club at the winter season opener, President L. A. Post said today.

TELEVISION REVIEW

Como Rome Show Has Great Appeal

By RICK du BROW

HOLLYWOOD (UPI)—There is a trick to reading all those newspaper ads that have long lists of names espousing various causes. The trick is to quickly scan the list of names for a few famous ones, which immediately enables you to skip reading all the propanda because you know how these people feel about the causes from past history.

Similarly, it is possible, from scanning a television log that lists a Perry Como Show from Rome at Christmas Time, to know pretty easily in advance what the nature of the content will be—a bit religious, a bit droll and more than a bit joyously Italian. No causes, however. And plenty of singing, which is probably better anyway. The hour was presented on NBC-TV last night, and if it had stuck more to Rome and the Vatican and the local boys town—and not given far too much time to the puppets Kukla and Ollie—it might have been an excellent hour. In any case, it had enough good moments to justify the viewing.

The program was at its best in the beginning, with Como and soprano Roberta Peters singing in and around the Eternal City, using the surroundings as background—and near the end, with the Sistine Chapel choir singing in the Vatican gardens.

This blend of entertainment with realistic backgrounds was brought forth effectively several seasons back by producer-director Barry Shear in his ABC-TV Edie Adams specials, and has now been used more and more in recent months, usually less effectively, by others.

After the fast start, which in a relatively few minutes captured more of the spirit and flavor of the Eternal City than all of the recent "Sophia Loren" atrocity, the Como hour unfortunately bogged down a bit in sequences which employed Kukla and Ollie and a good deal of affected cuteness, and could have been a good deal shorter.

Deanery's Yule Dance Is Tonight

Episcopal young churchmen of the Deanery of Marin will hold their Christmas dance tonight at St. John's Parish in Ross, from 8 p.m. to midnight.

Karen Beatie, deanery chairman and Janie Cleaveland, secretary, said that most of the parishes' youth will follow the custom of first going caroling from their respective churches, then attend the dance.

St. Paul's parish of San Rafael is providing refreshments for the dance; St. John's is handling admissions and cleanup work, and Our Saviour Parish of Mill Valley is in charge of decorations.

Live band music will be provided; normal school dress will prevail.

School Gets Flag From D.C.

A United States flag which was flown atop the Capitol in Washington, D.C., was presented to the fifth grade class at Santa Margarita School in San Rafael by State Sen. John F. McCarthy yesterday.

The flag, requested by John Grantz, vice principal, was sent to the school by Sen. Thomas H. Kuchel.

Following the presentation, the flag was raised on the flag pole at the school and the Pledge of Allegiance was recited and the national anthem sung.

The flag will be mounted and displayed in the school library.

Yule Decor Contest

Judging of outdoor Christmas decorations of homes of members of the Mariner Cove Improvement Assn. will take place Christmas week. Five cash prizes will be awarded for homes with the most artistic design and beauty in the Christmas theme, contest chairman Albert J. Boro said.

MARIN FILM FARE

Western Due At Drive-In; Elvis In On Screen Again

By LES DARD

Here's what the weekend holds in store for Marin movie-goers:

101 DRIVE-IN

"A Distant Trumpet" is showing through Saturday night.

The cast includes Troy Donahue as a young West Point graduate who comes West to show the old hands how to dispose of an Indian problem and is cought romantically between two beauties: Suzanne Pleshette and Diane McBain.

Donahue whips the band of cavalry ruffians into a crack fighting troop.

After doggedly pursuing the Apaches all about the landscape, he turns into a prairie diplomat.

TAMALPAIS THEATER

Elvis Presley plays a motorcycle-riding, guitar-wielding, judo-chopping tough guy who turns good in his latest film, "Roustabout," which starts tonight.

After a fight in the saloon where he was working Elvis leaves on his shiny Honda. Next thing you know, he turns up at a broken-down carnival owned by Barbara Stanwyck and is hired as a roustabout.

The make the show some money, he starts singing. Meanwhile he's falling in love with Joan Freeman, daughter of the hot-tempered carnival boss, Leif rickson.

The second feature is "Stage to Thunder Rock," a taut Western drama that stars Barry Sullivan, Marilyn Maxwell and Keenan Wynn.

RAFAEL THEATER

Another Elvis Presley picture is starting tonight. "Viva Las Vegas" also stars beautiful Ann-Margaret.

Elvis plays a racing car driver in Las Vegas to compete in the Nevada Grand Prix. In need of money, he becomes a waiter at a hotel where he and an Italian count strike up a friendship. Both are rivals in the race—and for Ann-Margaret, too.

The co-feature is "Get Yourself a College Girl."

LARK THEATER

One of 1962's fine films is now showing, "David and Lisa."

David and Lisa meet at a school for problem youngsters. He is brilliant but hysterical, living in fear he will die if anyone touches him. She is schizophrenic, speaking only in childish rhymes.

The story of how they help relieve each other's mental anguish is poignant and dramatic. The two youngsters are played by Keir Dulles and Janet Margolin.

The other feature is the British "Lord of the Flies."

NOVATO THEATER

Cliff Robertson plays a wing commander of a Mosquito bomber squadron in 1944 in "633 Squadron," starting tonight.

Robertson's 633 Squadron is told they must knock out a German rocket fuel plant in Norway, so they practice on similar terrain in Northern Scotland.

George Chakiris plays a Norse underground agent, and Maria Perschy supplies the love interest.

The second feature is "Seventh Dawn," with William Holden and Capucine starring.

TIBURON PLAYHOUSE

"The Bridge on the River Kwai," with Alec Guinness in his Academy Award winning role, starts tonight.

William Holden plays the only man to escape from the Japanese prison camp Guinness is in. He joins a tiny group of commandos who are going to try to wreck the bridge.

The co-feature is "Only Two Can Play," a Peter Sellers laugh-fest.

JUST FOR FUN—Joan O'Brien, Mary Ann Mobley, Chad Everett and Chris Noel go into the swing in the tune-filled comedy, "Get Yourself A College Girl," opening tonight at the Rafael Theater. Nancy Sinatra, the Dave Clark Five, the Animals, Stan Getz, the Jerry Smith Trio and the Bell Boys are also in the cast.
